

MAINTAINS HIGH GPA

Vahey Now Holds Several Top Spots

Few University students have been involved in as many activities as UIS presidential aspirant Sam Vahey.

Vahey, who is seeking the top spot in campus student government in the all-campus general elections Wednesday, jumped into the activity swirl shortly after his entrance into the University three years ago and he has been busy ever since.

A junior in business-architecture, Vahey has not let his numerous activities and government posts bring down his grade point average. Through winter term of this year, he was maintaining an average of 3.1.

High School Activities

The UIS candidate came to Oregon after graduation from Gresham high school where he was editor of the school newspaper and vice-president of the senior class.

Having an outside interest in journalism, Vahey went to work on the Emerald sports staff immediately after his enrollment. He did so well during his first few months that when it came time for a change in staffs, he was chosen as sports editor of the campus paper despite being only a freshman. His outstanding work gained him the outstanding freshman male in journalism award.

Vahey continued to work on the Emerald during his sophomore year, holding the position

of assistant managing editor and this year is the chief make-up editor.

Sophomore Officer

While a sophomore, Vahey was vice-president of his class and was a member of Skull and Dagger.

More honors were heaped on the slender Vahey when he was elected president of Druids, junior men's honorary.

Also during his junior year, he has been serving as a senator-at-large on the ASUO Senate and has been publicity chairman of the rally board. He is now serving as promotion chairman for Junior Weekend.

Wants to Be Contractor

In addition to being an active member of UIS, Vahey is also vice-president of the regional Independent Students association of which many northwest colleges are representatives.

Although he is not yet certain just what kind of work he will be doing after his graduation from the University, Vahey believes that he will probably seek employment as a general contractor and builder.

Two hobbies occupy what little time Vahey has left after his studies and activities have taken their share of the time. He enjoys woodworking and is a rabid bridge player.

He is a member of Campbell club where he has served as both vice-president and president.

All-Campus Sing Changes Listed

Several changes have been made in the list of organizations and songs that will be heard at the eliminations for the All Campus Sing to be held in McArthur court Wednesday and Thursday evenings beginning at 6:30.

The only men's organization reporting a change was Sigma Chi which is now singing "Brothers Sing On" directed by Rich Butler. Delta Delta Delta has changed its selection to "Kentuckiana," and Susan Campbell will not participate.

Tickets for the sing will go on sale Monday at the main desk of the Student union and at the Co-op for 85 cents. They will be sold all week.

It is important that students realize that the sing will be held Sunday afternoon this year so they can encourage parents to plan on staying for it.

White Caps to See Movie Wednesday

A color and sound movie, "Girl With a Lamb," will be shown at the White Caps meeting Wednesday noon in Studio A of the audio-visual department of the library.

Applications for the pre-nursing preview will also be available at the meeting. Any pre-nurses who are interested should attend.

Margaret Poley Named Chairman of PE Group

Margaret S. Poley, associate professor of physical education, is the new chairman-elect of the research division of the Northwest district of the American Association of Health, Physical Education and Recreation.

Dr. Poley will take over her new position at the next district convention in Spokane, Wash., in 1956. She was elected to the position at a recent district meeting in Lewiston, Ida.

HOME TOWN BOY

Student Government Hinkson's Interest

A home town boy makes good! That just about tells the story of AGS presidential candidate Bud Hinkson. A junior in history at the University, Hinkson is a graduate of Eugene high school.

In his prep school days he picked up much valuable experience in student government which has given him the background for the post he is seeking, ASUO president.

Hinkson was active in high school, serving as both vice-president and president of the student body, president of his sophomore class and vice-president of the state student council.

During his senior year he was selected as Eugene's Future First Citizen by the Eugene Chamber of Commerce.

At the University Hinkson has won the Jewett Speech award

and only recently was co-chairman of "Operation Easter Egg." He is now serving as junior class president and is general chairman of Junior Weekend.

Hinkson was a member of Skull and Dagger as a sophomore and is now a member of Druids.

He plans to go into the law profession after his graduation from the University.

Hobbies of Hinkson's which take up his free moments are golf, fishing, swimming and horseback riding.

A member of Sigma Chi, he had a grade point average of 2.47 through winter term.

● **The YWCA international affairs commission** will meet Wednesday at 4 p.m. at Gerlinger hall.

The Looking Glass

(Continued from page two)
hoodlum and all sorts of complications arise.

There is one beautiful scene in which the boy breaks down completely and tells the psychiatrist why he has acted as he has. He hates his father and step-mother.

But it is the music that adds so much to the picture. The theme is that of jazz, which the boy likes, and which is reminiscent of another recent English mystery, "The Black Glove."

All in all, the double bill is a satisfying evening, but the management is to be severely criticized for its length. The total program lasts nearly four hours, which rather limits the female attendance with 10:30 closing hours.

At the request of the amphibians, we re-reviewed their water show again Saturday night to find it much improved over what we had seen Wednesday. However, the findings were still pretty much the same.

The biggest improvement was in their precision swimming, which went well except in a couple of numbers. As to the best act in the program, we still stick up for "Slaughter on Tenth Avenue."
