

Rules Enforced Despite Victory

Green ribbons and "rooter's lids" will still be enforced in spite of the freshmen victory in yesterday's tug-of-war, because "freshmen have failed to follow traditions so far this week," according to Bob Reid, president of the Order of the O.

The freshmen were truly fighting for their lives, (or at least their pride) as they ended the

Traditions

Tradition rules to be followed are:

1. No walking on the lawns.
2. Greet everyone you meet on the "Hello" walk leading to the Student Union.
3. No walking on the Oregon seal.
4. Freshmen women must wear green ribbons.
5. Freshmen men must wear "rooter's lids."
6. No cords may be worn by underclassmen.

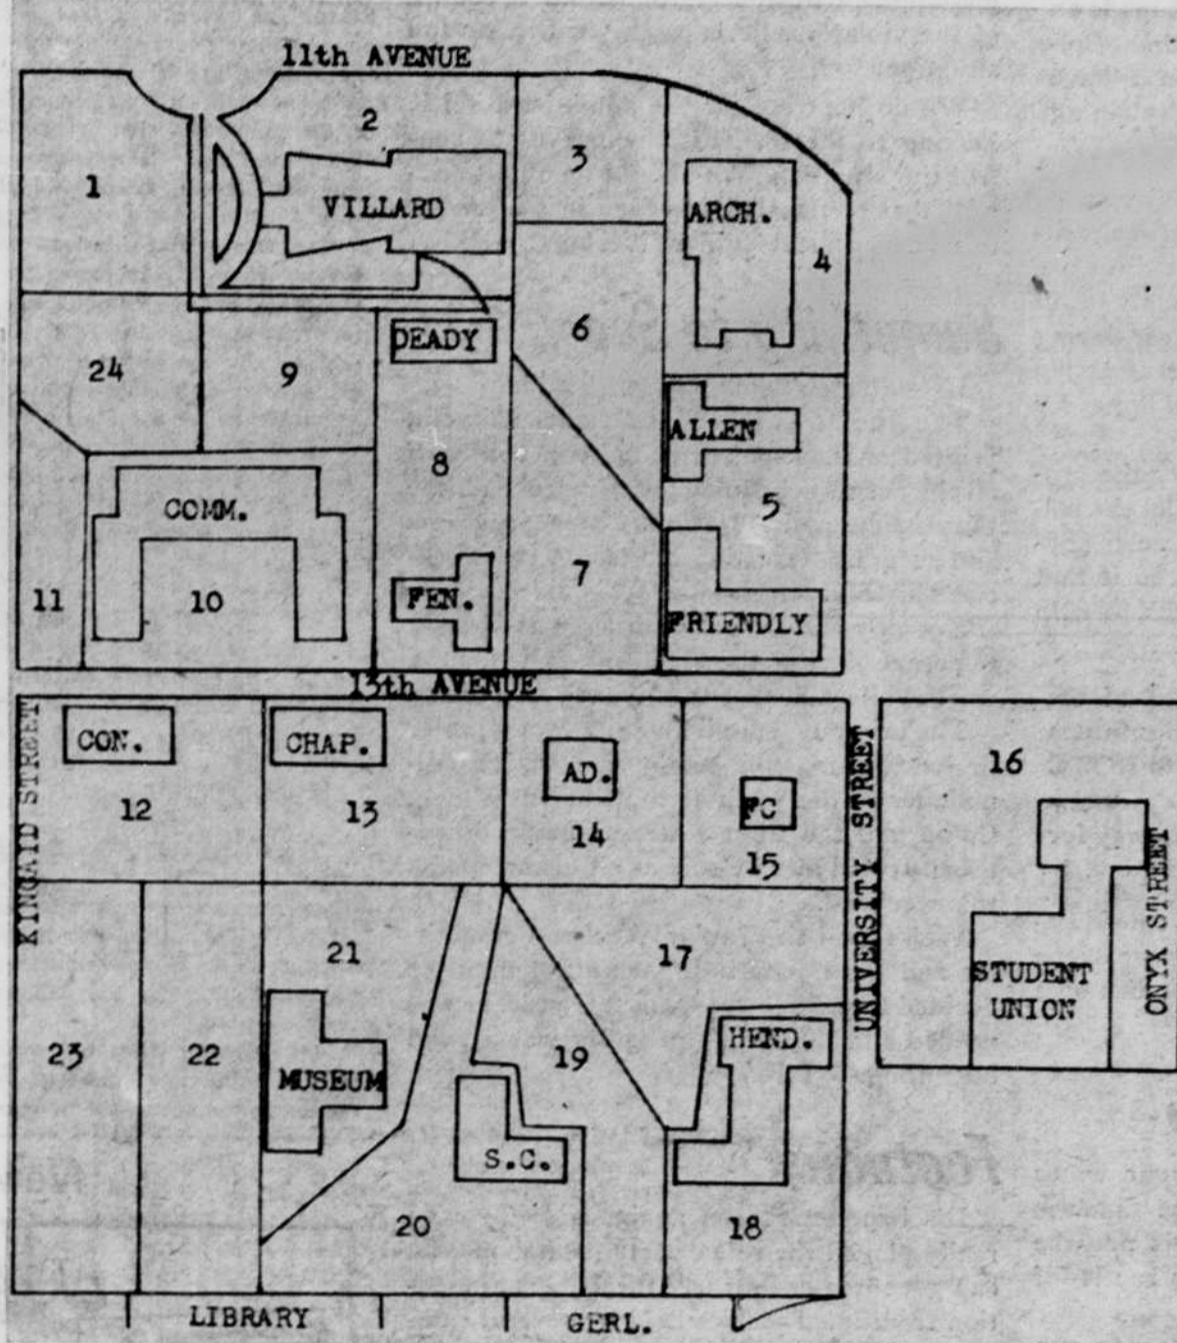

annual event victorious by pulling the sophomore men through Oregon's Millrace.

Fifty men were registered pullers and the rest arrived for moral support.

Chosen participants on the winning side were: Jim Thering, Phil Lothian, Walt McCoy, Chuck Withers, Tom Hale, Chris Keishe, Ed Lily, Bill Thordarson, Bill Scarse, Jim Moore, Dick Katz, Warren Spady, Gary Mark, Willie Sell, Joe Beeson, Frank Reynolds, Bryce Weissert, Bob Franks, Dick Lennie and Leon Hart.

Losers included Dean Hainline, Rusty Bartel, Bill Wiswall, Jim

THE ABOVE MAP shows the respective areas to be covered in today's all-campus cleanup. They are—1. Alpha Xi Delta, Theta Chi; 2. Alpha Omicron Pi, Delta Upsilon; 3. Gamma Phi Beta, Phi Sigma Kappa; 4. Ann Judson, Kappa Sigma; 5. Delta Delta Delta, Lambda Chi; 6. Carson 5. Yeomen; 7. Delta Gamma, Delta Tau Delta; 8. Sigma Kappa, Phi Delta Theta; 9. Alpha Gamma Delta, Tau Kappa Epsilon; 10. Delta Zeta, Philadelphia house; 11. University house, Campbell club; 12. Rebec house, Pi Kappa Alpha, Pi Kappa Phi; 13. Ordes, Chi Psi; 14. Alpha Phi, Sigma Nu; 15. Highland house, Phi Gamma Delta; 16. Pi Beta Phi, Sigma Alpha Epsilon; 17. Zeta Tau Alpha, Phi Kappa Psi; 18. Kappa Kappa Gamma, Sigma Chi; 19. Alpha Delta Pi, Sigma Alpha Mu; 20. Kappa Alpha Theta, Phi Kappa Sigma; 21. Chi Omega, Beta Theta Pi; 22. Carson 3 and 4, Sigma Phi Epsilon; 23. Alpha Chi Omega, Alpha Tau Omega; 24. Hendricks hall, Susan Campbell, Frosh dorms.

The five representatives from each living organization and the official workers for the all-campus cleanup should be sure to show up for work on the cleanup at 3:55 p.m. today at the terrace of the Student Union.

The working parties are to pile their rubbish in large piles instead of small piles in the street. Each organization is to supply its own tools and equipment. The physical plant representatives will collect rubbish along 13th, University and Kincaid streets.

Judging

Basis for judging the cleanup will be work accomplished, diligence in work and definite improvement in appearance. The judges for the cleanup will be W. W. Weed, from the physical plant, Mrs. T. F. Mundle, wife of a University English professor, and Mrs. Sara Henderson, Susan Campbell housemother.

Trophies donated by John Warren Hardware will be awarded to the winning pairing. The trophies will be presented at 5 p.m. today during the terrace dance at the SU.

Terrace Dance

The terrace dance will be held from 3 to 6 p.m. Dinners at all living organizations will be postponed until 6 to allow students to attend the dance.

At the intermission, at which time the cleanup awards will be presented, the five princesses who are competing for Junior Weekend Queen will make an appearance.

The Alpha Phi Omega award will be made to the outstanding freshman man also during the intermission. Mrs. O. Meredith Wilson will present the cleanup awards.

Some honorary tappings, which were originally scheduled to be presented at the dance, have been slated for other times.

Funk, Light Honored By Senate at Banquet

A formal award to Jim Light, senior in pre-law, and an informal award to Bob Funk, third year law student, highlighted the ASUO banquet Wednesday evening.

Light received the most outstanding senator award and Funk was honored for his distinguished service to the University.

His name will be the first to be engraved on a plaque which is to hang in the ASUO president's office in the Student Union. He has been a member of the senate for three years, serving this year as senator-at-large.

Many Activities

Light is general co-chairman of the Canoe Fete steering committee, a member of the Eugene Millrace committee and the publications board. He also has served as business manager of the Oregoniana and as junior class president and general chairman of the 1954 Junior Weekend. Now a member of Friars, he was president of Druids and a member of Skull and Dagger.

Funk, now in his seventh year at the University, has participated in nearly every phase of campus life. Currently a member of the Student Union and budget boards, last year he was ASUO vice-president. An Emerald columnist, Funk was editor of the

1952 Oregoniana, a member of the publications board, and appeared in several University theater plays.

Member of Friars

He has served on the Senate and is a member of Friars. In the law school, he ranks second in his class and just completed a term as president of Phi Delta Phi, legal fraternity. As a junior, Funk was president of his house and a member of the Inter-fraternity council.

The 1955-56 ASUO Senate was installed at the banquet, which honored members of the current Senate. Bud Hinkson and Sam Vahey were officially installed as president and vice-president, respectively.

Fete Tickets Are Selling Rapidly

Tickets for the Canoe Fete Saturday night are selling rapidly and students are urged to get their tickets as early as possible. Helen Ruth Johnson, ticket chairman, announced Wednesday.

Many ground seats are still available but bleacher seats are selling fast. Students may purchase \$1.25 bleacher seats or 50 cent ground seats at the Student Union or the Co-op.

All-Campus Bridge Plans Underway

Plans for the all-campus bridge tournament to be held May 17 at 6:30 in the Student Union is well underway, according to Darlene Leland, general chairman.

Participating in the annual SU sponsored event are: Larry Kromling and Gene Henry, Delta Tau Delta; Sam Vahey and Bruce Bloomfield, Campbell club; Bob Sogge and Dave Jeremiah, Phi Delta Theta; George Weber and Pat Taylor, Pi Kappa Alpha; Don Mickelwait and Doug White, Phi Kappa Psi; Jack Lally and Jerry Hickok, Phi Gamma Delta; Pete Plumridge and Bob Ransom, Phi Kappa Sigma; Larry Guinn and Art Weatherford, Theta Chi; Al Reynolds and Pete Tyerman, Pi Kappa Phi; M. J. Malone and W. Dalgren, Amazon; Buzz Nelson and Ken Brookshire.

Jean Smith and Carol Baldwin, Alpha Delta Pi; Joyce Humphries and Betty Boehn, Carson 5; Mary Wilson and Janet Sayre, Delta Gamma; Helen Johnson and Sue Carothers, Delta Zeta; Val Mattram and Sally Cummins, Gamma Phi Beta; Barbara Beaver and Carol Wenner, Kappa Alpha Theta, and Marjorie Davis and Claire Helm, Susan Campbell hall.

Prigogine to Speak Tonight In Dads Lounge on Physics

An outstanding contributor to the fields of chemistry and physics will speak tonight at 8 p.m.

Ordinance Snags Fete Bleachers

A temporary crisis in the staging of the Canoe Fete arose Monday when the committee learned that the wooden bleachers lining the sidewalk at the west end of the fete area had to be moved because they were obstructing sidewalk traffic.

Eugene City Manager Robert Finlayson informed Bob Schooling, general co-chairman, that a city ordinance forbids blocking the sidewalk. The wooden bleachers overlapped the sidewalk area.

Pleas to allow the bleachers to remain where they were until Saturday went unanswered. Wearily the committee, which had just finished raising the heavy wooden structures, started to tear them down.

The bleachers are now being moved to the east end of the fete site. The switch involved complete replanning of the stage and lighting by Jerry Maxwell, property set-up chairman, and Gordon French, technical director.

in the Dads Lounge of the Student Union.

He is I. Prigogine, professor of theoretical subjects in chemistry at the University of Brussels. He will deliver a University lecture on "New Aspects of the Thermodynamics of Irreversible Processes."

Prigogine, the winner of this year's Belgian Francqui Prize for physics, is one of the main contributors to the field of thermodynamics of irreversible processes.

He is often invited to lecture in foreign countries, and currently is on a lecture tour in the United States. During the fall semester of 1954, he was a visiting lecturer at Harvard.

He also has spoken in India, Israel, Paris, and in British universities.

Prigogine is a member of the Royal Academy of Sciences in Belgium. He was one of the few invited contributors to a conference on the fundamentals of theoretical physics in Japan in 1953.

A coffee hour and reception will be held in the Dads' Room after the lecture for Prigogine and Norman Davidson, visiting professor of chemistry from the California Institute of Technology.
