## Navy Desires Another Sub

WASHINGTON (AP)—The Navy has advised a Senate-House committee it is changing its new budget to provide for an additional atomic submarine, Sen. Jackson (D-Wash) reported Tuesday.

This will mean a total of four nuclear-powered submarines in the budget for the fiscal year starting July 1, instead of three as originally planned.

### 8 Atomic Subs

Overall, it will eventually give the Navy eight such atomic craft. Four already have been authorized and one of these, the Nautilus, now is undergoing its shakedown trials after a successful debut.

Jackson said the Navy also was pushing ahead with plans for a nuclear-powered aircraft carrier. He said there were indications the Navy was making good progress on a reactor to provide the power to operate a carrier.

### U.S., Russia Race

The senator said he personally believed the United States was in a race with the Soviet Union in this field, and that he was "fearful" Russia soon would announce it had developed nuclear-powered naval vessels.

Jackson heads a Senate-House atomic energy subcommittee on military applications which has been conducting a series of secret hearings with top officials of the armed forces.

## Police Find Moonshine

CORAL GABLES, Fla. (AP)—Passing pedestrians stared suspiciously at the Coral Gables police station Tuesday. The place smelled like a distillery.

And no wonder. Inside, Sgt. F. F. Brooks said it was virtually raining moonshine liquor.

Brooks found a puddle of white lightning beside his desk Tuesday morning. More was falling from the ceiling. The powerful odor filled the station and wafted out into the streets.

Investigation disclosed that moonshine in a 5-gallon can seized six weeks ago and stored in the attic had eaten through its metal container and was leaking through the plaster.

## Russians Prepare Troop Withdrawal

VIENNA, Austria (AP)—Russia appeared Tuesday to be preparing to withdraw her 44,000 occupation troops from Austria almost immediately.

Austrian government quarters reported several Russian commanders in Soviet zone towns had officially informed Austrian police that local Soviet headquarters would be closed within a day or two.

The Big Four powers signed a state treaty Sunday giving Austria her freedom.

The pact does not actually come into effect until it has been ratified by the parliaments of Austria and the Big Four. Within 90 days after ratification, 70,000 Russian and Western occupation troops are to be out of the country.

Chancellor Julius Raab's cabinet met Tuesday morning, approved the 38-article treaty and decided to send the text immediately to Parliament for action.

## It's 'Corporal' Now For David Schine

ANCHORAGE, Alaska (AP)—It's Corporal G. David Schine now.

The former aide to Senator Joseph McCarthy and heir to a hotel chain was promoted from private first class Monday along with 24 other members of the 71st Military Police company at Ft. Richardson.

The extra stripe increases his base pay from \$99.77 a month to \$122.30.

Corporal Schine is scheduled to be rotated back to the states in October and discharged in November.

## Soldier to Face Abduction Charge

ASTORIA (AP)—A 19-year-old AWOL soldier who was trying to "live off the land" with a crossbow in the forested Coast Range was accused Tuesday of abducting a 7-year-old boy two days ago.

The boy, Tommy Woodard, was released this morning, and found by searchers as he walked across a field back toward his home at Elsie, a logging community 40 miles southeast of Astoria.

Residents quickly backtracked to the pup tent where the boy had been held and seized William E. Kent, an AWOL private from Ft. Campbell, Ky., who has a record of child molesting.

Young Tommy was apparently unharmed, but about the time Kent was turned over to police an angry crowd of residents gathered.

## Yearly Wage Talk Resumed Tuesday Internal Auditor Post Announced

DETROIT (AP)—General Motors, Ford and the CIO United Auto Workers went back to the bargaining table Tuesday, with Ford announcing it has "taken no position as yet on the guaranteed annual wage."

The UAW has made a year-around wage its No. 1 goal in a new contract, and local unions of both GM and Ford currently are voting whether to strike to support that demand. Locals reporting thus far overwhelmingly endorse a walkout, if necessary. The Ford-UAW contract expires May 24, GM's on June 7.

The Civil Service commission has announced an examination for the job of internal auditor in the post office department.

The jobs are located in Washington, D.C., and in branch audit offices throughout the United States. Wages for the jobs are from \$4205 to \$9600 a year.

No written test is required for these positions. To qualify, applicants must have had appropriate experience, part of which must have been in public accounting practice. Education, college teaching of accountancy or a CPA certificate may be substituted for part of the required general experience.

Applications must be filed with the Board of P.S. Civil Service Examiners, Departmental Personnel Division, Post Office Department, Washington 25, D.C.
