AFL Threatens Trucking Strike

LOS ANGELES (AP)—Unless a "new and acceptable" offer is forthcoming, the powerful AFL Teamsters Union will strike three trucking firms Thursday morning, a union spokesman said Tuesday.

Frank Brewster, Seattle, president of the Teamsters' Western Conference, made his announcement only a few minutes after another spokesman had said the three firms would be struck Wednesday.

Brewster said the walkout has now been postponed for 24 hours. He added that negotiations will continue until that time.

Union officials and representatives of truck firms have been negotiating for a month for a master contract involving 28,000 drivers in 11 western states.

If the walkout takes place Thursday it may be the forerunner of a widespread strike.

Single Heart Causes Death

DETROIT (AP)—Failure of a single heart they shared caused the death of Siamese twin girls, who died Monday night 33½ hours after their birth.

The single, unusual heart and its failure were disclosed by an autopsy Tuesday. Doctors originally thought both had a heart.

Besides the heart, physicians also found other shored or joined organs, including liver and lower intestine, that would have prevented the girls ever being separated by surgery.

The babies were delivered by caesarean section Sunday to Mrs. Naes Herring, 27, wife of a Detroit factory worker, Richard, 30. Her condition remained satisfactory.

YWCA in 66 Countries Celebrates Centennial

YWCA, the world's largest organization of women and girls with a Christian purpose, is celebrating the 100th anniversary of its founding this year.

Established in London in 1855, the YWCA has since then spread to sixty-six different countries, with membership reaching the millions. Membership in the United States alone is estimated at about three million women.

The Centennial celebration now being observed affords all members of the world-wide organization an opportunity to join in rededication and reaffirmation of the purpose of the YWCA.

Each individual student and community group is pledged to raise a certain amount of money to contribute to the national Birthday Gift to be used in strengthening the program and services of the organization. The national goal is \$5,000,000.

The University's YW group is in the process of raising its

\$1000. Projects for this purpose on the campus include the Sunday night suppers for freshmen women during winter term, popcorn ball sales by the sophomore cabinet members, and the shell jewelry sale. More projects during fall term will complete the drive for funds.

YW Sophomores Sell Popcorn Balls

Popcorn balls will be sold today and Thursday in living organizations by the YWCA sophomore cabinet, Kathy Thurston, chairman of the project, announced Tuesday.

Price will be 10 cents apiece, with proceeds to go to the YWCA centennial fund.
