

# Tower Nearing Completion

THE FIRST OF THE OFFSHORE radar plane-detecting towers is nearing completion at the Fore River shipyard at Quincy, Mass., and will be launched soon. The huge, triangular shaped steel platform, weighing 2000 tons will be towed to sea and placed in position on caissons in the ocean on Georges Banks, about 110 miles east of Cape Cod, Mass. The towers will make up a radar chain stretching along the Atlantic coast from Norfolk, Va., to Newfoundland, a distance of 1500 miles. (AP Wirephoto)

# Parking Confusion Partly Explained

By Bob Rogers  
Emerald Reporter

Although there has been some confusion as to the parking situation on campus, the arrangement is relatively simple, according to I. I. Wright, superintendent of the physical plant. The city of Eugene controls the streets while the University has jurisdiction over all parking lots.

Parking areas on campus are free for student use, except the reserved zone near Johnson hall and two designated areas in the Emerald parking lot which have been reserved for the use of infirmary officials and faculty members.

The area near Johnson hall is only restricted between the hours of 8 to 5 on week days and from 8 to 12 a.m. on Saturdays. The only other possible University parking restriction is the yellow line along various curbs. These are placed in convenient locations for two main purposes: the convenience of supply delivery cases and for emergency cases.

The red parking meters in front of the Student Union and Emerald hall are controlled by

# YWCA Will Hold Nursery School

Open house at the University YWCA Cooperative Nursery school will be held May 24 from 9-12 a.m. at Plymouth house. Parents interested in enrolling three or four year olds for fall term are invited to attend. School activities and rules will be explained.

Membership in the school is open to all, first priority going to children of University students. Children of University faculty and staff are next, and if further openings exist, children of non-University people may be enrolled. Cooperative nature of the school is emphasized. Mothers take turns assisting at the school, thus keeping fees at a minimum—\$5 a month for three-year-olds, and \$7 a month for four-year-olds. Attendance at a yearly meeting for mothers is compulsory. The school was organized in 1947 primarily for the benefit of student wives.
