Golfers Bill Final Match

Oregon gets its last chance to regain some lost golf prestige today and Saturday when five Northern Division teams battle through a 36-hole title tournament at Moscow.

The Ducks finished third in the conference during regular match play this season and will be out to defend their medal-play crown on Idaho's home course. Idaho won the match-play title this year and will be a favorite in the two-day championship.

Oregon Defends Title

Last year Oregon won by 15 strokes over second-place Oregon State when the ND meet was played on the Eugene country club. The Ducks had a 606 total, OSC had 621, Idaho was third with 625, Washington was a close fourth with 627 and WSC was far behind with 661.

Par for the short but tricky Idaho nine-hole course is a short 70 for the 18 holes. Improvement in league teams and the short course will probably result in a much lower total for the winning four.

Four Ducks Travel

Duck Coach Sid Milligan nominated two seniors and two sophomores to represent Oregon at Moscow. Captain Neil Dwyer, the most consistent swinger in the ND, and Letterman Bob Takano plus Sophomores Barry Ott and Bob Norquist made the trip.

The Webfoot team will have to be at its best to win the tourney again. Oregon State, with 1954 Medalist Bob Donnelly and Jerry Cloninger; Idaho, with a well-balanced team familiar with the course where it beat both Oregon and OSC this year, and an always-strong Washington team are all threats again.

2 Teams Advance In IM Golf Final

Phi Delta Theta, the defending champion, and Hale Kane, a tough challenger, advanced in the finals of the intramural golf tournament Wednesday with a pair of close wins.

The Phi Delt's had the toughest time getting to the final bracket as a stubborn Phi Gamma Delta team fell by a narrow 6½-5½ count at Oakway golf course.

Hale Kane, a pre-tournament favorite with a strong team, gained the right to meet the defending titlists with a 7½-4½ win over Legal Eagles, last year's runnerup.

The two teams were scheduled to meet in the playoff Thursday at Oakway with four men from each team playing single competition of 18 holes each.

field in another twinbill. Starting time will again be 1:30 p.m.

Oregon needs only two wins for a third consecutive ND championship, but Oregon State must

Last OSC Series

win three games to finish on top.

Duck Coach Don Kirsch has named sophomore righthander Terry Maddox (5-0) to pitch the first game. After that it will be either Bill Blodgett, Bill Garner, Pete Williams or John Lundell.

Taking the hill for Oregon State will probably be lefthanded Al Guidotti, a junior from Oakland, Calif. Coach Ralph Coleman may decide instead on righthanders Lynn Mohler, Lowell Pearce or Dick Wilson.

Oregon will have to match the Beavers' heavier hitting with superior defense and pitching. In 21 games (13-8) OSC has a team batting average of .303. Oregon's is only .277.

The starting lineup for Oregon will be John Keller, Jim Johnson, George Shaw, Dick Schlosstein, Williams, Jerry Ross, Jim Pingree, Neal Marlett and Mad-

dox. In case Coleman should start a righthander instead of Guidotti, lefthanded batting Norm Forbes would go to right field instead of Pingree.

Lineups (with season's batting averages):

| Oregon State | Oregon |
|-----------------------|-----------------------|
| Frederick, rf (.315) | (.303) ss Keller |
| Buob, ss (.333) | (.333) 2b Johnson |
| Jantze, lf (.385) | (.321) cf Shaw |

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

Foreexample, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!
