Mother of UO Prof Victim of Hoax

The mother of Faith Johnston, assistant professor of home economics, was the victim of a telephone hoax Monday when a crank called and told her that her daughter had suddenly collapsed and had been taken to Sacred Heart hospital.

Police said that the call had apparently been made by the same woman who had previously made a series of malicious phone calls to persons whose names had been taken from the telephone book.

Mrs. Johnston is visiting her daughter. Her home is in Colorado.

Idaho U President Won't Cancel Talk

MOSCOW, Idaho (AP)—D. R. Theophilus, president of the University of Idaho, refused Tuesday to cancel a scheduled talk by Robert M. Hutchins, an official of the Ford Foundation. There had been an American Legion request that Hutchins be banned from the campus.

Theophilus said he could find no justification for cancelling the talk, which is scheduled for sometime in January.

District One of the Idaho American Legion passed a resolution Saturday asking that Hutchins' talk be cancelled because "his record has rendered him unsuitable for such appearances before our students."

SU Board Has Two Vacancies

Two vacancies on the Student Union board of directors, both available to students who have junior or above academic standing, have been announced by Jack Socolofsky, board chairman.

The school of art and architecture vacancy is for an upper-division student in the school, and no previous SU experience is necessary. The other vacancy, that of graduate representative, also requires no experience and is open to a graduate student in any major field.

Special petitions are available in the petition box, SU third

floor, for the board vacancies. Deadline has not yet been set for the petitions, according to Socolofsky.

Another vacancy, that of co-faculty forum committee chairman, is also present and will be filled soon. One year experience on one of the SU standing committees is necessary for this post. Petitioning for this may be done on the SU standing petitions, also in the same box. Petitions for all these posts may be returned to SU 310.

Indian Asks World to Give Up War

UNITED NATIONS, N. Y. (AP)—India's V. K. Krishna Menon called on the world Tuesday to renounce war and to throw away its atomic weapons.

"There is only one way before the world and that is for the nations to renounce war as an instrument of national policy," Krishna Menon said at the end of a 2-hour speech closing the U.N. Assembly's general debate.

"Disarmament is not the way. We can establish peace only if the nations have decided to abandon war. That is possible once confidence is established. You cannot reconcile dreams with schemes."

The Indian chief delegate, who is the top advisor on foreign affairs to Prime Minister Nehru, again urged a halt on experiments with nuclear weapons pending an international agreement on disarmament.

His address was moderate and conciliatory, in keeping with the line taken by most of the 45 chief delegates who spoke in the general debate.

Krishna Menon was one of the leaders in obtaining the 28-27 vote last Friday by which the U.N. Assembly decided to consider the flaming Algerian issue. As a result of that vote the French delegation walked from the Assembly. Krishna Menon appealed Tuesday to the French,

whose space was vacant, to return.

The Indian expressed deep regret that the French had gone. He said his government had the highest respect for the tradition of France and had no desire to intervene in France's internal affairs. He said consideration of a subject is not intervention and India's only aim is to help conciliate the differences between the French government and the

Algerians. The French maintain the Assembly vote was intervention in her internal affairs in violation of the U.N. charter.

While favoring a renunciation of war, Krishna Menon expressed hope the disarmament talks to be held by the Big Four foreign ministers in Geneva beginning Oct. 27 will be productive. He favored silence on disarmament here until the Big Four have considered the subject.
