## Morse Attacks GOP Program

WASHINGTON (AP)—Sen. Morse (D-Ore.) Thursday attacked administration proposals to finance a proposed post office modernization program as "little more than a handout to business and to bankers in particular."

"It would be hard to imagine a program that would do more good for a few bankers and less good for the nation's economy," he told the Senate. "As a public works program, it is simply a sham."

### Private Industry

Morse devoted most of his criticism to proposals under which private industry would construct the post office buildings and then lease them to the government.

"What we need," he said, "are useful public works, such as roads, dams, post offices, and schools that will belong to the people who paid for them. And we need to have their construction financed with appropriations so that the expenditure will go primarily for construction and not for interest."

## Tourist Foundation Plans Russian Trip

Marise Paschoud will be interviewing students interested in summer foreign tours, especially in Russia, Feb. 21-22. She represents the Lisle Fellowship, Inc., a non-profit group that promotes and plans international tours.

The corporation charges for most tours, but has "aid money" to assist worthy students who are unable to afford the whole cost of tours. Miss Paschoud will work through the campus YMCA.

### First Exchange

Of special note is the first Russian-American student exchange planned for June 30-Sept 8. About 40 American students will be allowed to spend 48 days in Russia. The groups will receive a two-week orientation period before splitting into groups of ten

for the tour. There will be short stops in Berlin, Yugoslavia, and Poland.

Total cost per person is \$1375. Each application (deadline: March 15) must be accompanied by a \$50 deposit. Applicants must have had two years of college.
