From AP reports

Don Lane of the University of Oregon held Washington to seven hits Tuesday as the Ducks whipped the Huskies 9-2 to move closer to their fifth Northern Division title in the last six years.

The Webfoots blasted 13 hits off two Washington hurlers to rack up their second victory in as many days off the Huskies. Monday, Oregon tripped Washington 10-7.

Don Kirsch's crew now has a 9-3 record with four weekend games against second-place Oregon State which currently has an 8-4 mark. Washington State is even with the Beavers at 8-4.

It was Lane's second impressive pitching performance on the rugged road trip. He hurled a no-hit, no-run game against Idaho last week. His Northern Di-

vision pitching record now stands at 4-0.

Oregon opened fast with two runs in the first and added two more in the third off the Husky starter. Washington came back with a single run off Lane in the third, but the Ducks scored two more in the fifth and eighth innings to build an untouchable lead.

The Webfoots and the Huskies tallied one run apiece in their ninth and eighth innings respectively.

Thus, Oregon ended its road trip with four wins in six starts. Its victories were over Idaho and Washington, twice each, but the Ducks dropped both games against the improving WSC again.

Friday, Oregon meets Oregon

State at Corvallis in a double header; then the two squads move to Howe Field for a season-ending twin bill. The series will decide the winner of the ND title, now up in the air between the Ducks, Beavers and Cougars.

The ND winner will host the Southern Division winner the following weekend.

Don't Let Freedom Be Cut "OFF THE AIR"!

Your Truth Dollars Are Needed Today!

Can you imagine it: A policeman's wary eye following you wherever you go . . . your neighbor's ear anxiously pressed to your door, listening for the slightest slip of your tongue . . . a loud-speaker "serenading" you all day with warnings, instructions, propaganda lies?

70,000,000 people behind the Iron Curtain will be buried under this avalanche of oppression unless you help. For, word of freedom can only come to them one way: over the radio, from stations like those of Radio Free Europe. Every day, every hour, the 29 super-powered transmitters of this freedom net-

work are at work, overpowering "jamming" from Red stations, slashing through Red lies, renewing hope that freedom will some day return to the peoples behind the Iron Curtain.

Why your help is needed

But Radio Free Europe needs your help to stay on the air. It is a private organization supported by the American people. Your dollars are needed to help operate transmitters, pay for equipment, supplies, announcers and political analysts. Don't let freedom be cut "off the air"! Freedom is *not* free!

Your dollars are needed to keep Radio Free Europe on the air!
