GPA list revision considered; uniform computing method sought

A revision of the living organization grade point average list is now being considered by the student affairs office. University officials have not yet decided what the new method of computation will be.

The present GPA schedule (which is printed elsewhere on this page) has been standard since at least 1943 and a similar list may date back to 1908, according to Clifford L. Constance, University registrar.

Purpose of the change is to provide a uniform method of computing the grade point average for all living organizations.

At present, fraternity grade point averages are calculated to include pledge class members in dormitories while sorority grades only include those women who live within the house.

It is assumed that freshmen earn lower grades than do upperclassmen. If this is so, then fraternities would tend to be rated much lower than sororities, although upper class grades might be somewhat similar.

Because of the different methods of computation, discrepancies

have always occupied between the all-campus list and the grade list prepared for fraternities.

Last term the fraternities, according to the all-campus list, were listed: Sigma Phi Epsilon (1), Tau Kappa Epsilon (2), Phi Kappa Sigma (3) and Phi Kappa Psi (4).

According to the fraternity list (which includes pledges), they were ranked: Tau Kappa Epsilon (1), Sigma Phi Epsilon (2), Sigma Alpha Mu (3), and Phi Kappa Phi (4).

Metzler appointed to new SU office

Ken Metzler, a graduate in journalism from the University, has been appointed to the recently created office of Assistant Director of the Student Union for Publications.

As assistant director for publications he will serve in an advisory capacity to the University publications: The Oregonian, the Northwest Review, The Emerald, the Old Oregon and, tentatively, the Ore-nter. He is also editor of the Old Oregon magazine.

While attending the University he held various positions on The Emerald including news editor and associate editor. After graduating in 1951 he worked on the Rosebury News Review and the Coos Bay World (then the Coos Bay Times). From 1956 until now he has been a free-lance writer and has been published in many national magazines, including Sunset, Popular Mechanics and various house organs.
