

UO Heart Hop Set For Friday; Theme Picked

The Heart Hop, an annual girl-ask-boy affair, will be Friday night.

The theme of this year's dance is "Finesse for a Heart."

Dancing will begin at 9 p.m. and Alpha Chi Omega, Pi Beta Phi, Zeta Tau Alpha, and Kappa Kappa Gamma are hostess organizations.

Voting for King of Hearts will take place at the dance between 9 and 10 p.m. He will be tubbed at 11 p.m. on the porch of Zeta Tau Alpha by Kay Wald, YWCA senior cabinet president.

Tickets for the dance are now available at all women's living organization at 50 cents per couple.

This year a prize will be given to the living organization selling the largest percentage of tickets. The winners will receive the King of Hearts and his court for the day.

AWS will sponsor a "penny-a-minute night" that evening.

Tickets for the dance will also be available at either of the four living organizations the night of the dance.

Festival . . .

national, and international exhibits.

Before coming to the University of Washington in 1945, DuPen taught at the Carnegie Institute from 1938 to 1939 and at Washington in St. Louis, Mo., from 1939-1942.

Among the many awards DuPen has received is the Saltus Gold Medal, presented by the National Sculpture Society of which he is also a member. His articles have appeared in the National Sculpture Review and in Architectural Forum.

AN EXHIBIT of some of his works will be on display in the Museum of Art on Thursday.

Also on Thursday's program will be a recital by Jerome Jelinek, cellist, and William Woods, pianist, both on the faculty of the University school of music. The recital will be at 8 p.m. in the school of music auditorium.

Included in the works to be performed are Sonata in F Major, Opus 6 by Richard Strauss, Sonata in D Major, Opus 102 by Beethoven, and Rhapsody No. 1 by Beta Bartok.

Dads . . .

ketball games, science show, and open house at living organizations.

Attending the Saturday luncheon as an Oregon Dad was O. Meredith Wilson, former president of the University, who is currently serving as president of the University of Minnesota. Wilson, who returned to the campus to be with his daughter, spoke briefly at the luncheon.

ELECTED to positions on the Dad's executive board during the two-day affair were: Stanley Haberloch, William Hutchinson, A. M. Rawlinson, Ellis J. Stevens, Dr. Bruce Titus, and James Yeomans, all of Portland; Neil Morfitt, Astoria; Dr. Robin Overstreet, Eugene; Jack Stevens, Helix; Ray Sorenson, Medford; Robert White, Oswego; and J. W. Sawyer, The Dalles.

Sunday services for Dad's Day at the Eugene churches and dinner at living organizations completed the two-day program.

Young GOPs Plan Salem Trip

University of Oregon Young Republicans will sponsor a one-day trip to the state capital Tuesday.

The group plans to observe both houses of the legislature in session and attend a luncheon at which House and Senate minority leaders will speak.

The trip will also include visits to committee meetings and hearings, and a tour of the executive administrative offices where they will meet Governor Mark Hatfield; Secretary of State Howell Appling; and State Treasurer Howard Belton.

All interested students are welcome to attend. Tickets for the bus trip and luncheon are on sale at the Student Union main desk for \$3. The first 40 students to purchase tickets will attend.

Departure time Tuesday will be 8:30 a.m.

Coed Football Causes Ruckus

A mud football game on the quad behind the Student Union Thursday afternoon got out of hand.

Both men and women students were involved; it was tackle and observers says the players were so muddy you couldn't tell who was involved.

But, contrary to rumor, no disciplinary action will be taken. At least Dean of Men, Donald DuShane, Sunday said there was none contemplated that he knew of.

L. A. Mangels, the Assistant Dean of Men, was sent over to stop the game. This was because of the turf, which is sensitive there and cannot stand that treatment in the rain, DuShane said.

The rumors of discipline action stemmed, according to reports, from the fact that tackle football between men and women students had been declared "out of bounds" earlier in the year. The women were told, one sponsor said Sunday, that "it was not the thing to do."

Shot Circles Earth

PARIS (UPI) — A French astronomer says he believes the Russian Sputnik circled the earth two or three times before launching its piggyback rocket toward Venus. The astronomer said the firing probably came several hours after the satellite went into orbit. He said the time lapse would be to be sure the space station would be launched with the right trajectory.

Campus Briefs

• There will be no WRA representative meeting today.

• YWCA is requesting men or women interested in helping in swimming classes for mentally retarded and slow learning children to be at the Eugene "Y", Monday, Wednesday and Friday at 2 p.m.

• The educational movie, "Gilbert and Sullivan," will be shown Wednesday at 7 and 9 p.m. in 138 Commonwealth. The movie is in color and is a biography of Gilbert and Sullivan's life with excerpts of many of their works.

• Panhellenic petitions for public relations chairman (preferably a Eugene girl), scholarship chairman, social-activities chairman, standards, publicity chairman and members-at-large are due Feb. 17. Use regular SU petitions and turn them into Mrs. Kopp's office in Emerald hall. Call Barbara Reed, Ext. 771, if there are questions.

• Newman club will hold a costume party Tuesday from 7 to 10 p.m. The theme will be Mardi Gras.

• Orides will meet tonight at 7:30 on the third floor of Gerlinger.

• Trip to the legislature sponsored by the Young Republicans will be Tuesday. Departure time and place for transportation will be Student Union, Onyx Street turnaround at 8 a.m.

• A lecture on the Yellowstone Earthquake of 1951, will be given at 8 p.m., Tuesday in 207 Chapman. Anyone interested is invited to attend.

Science Study Set For Summer

An institute in the natural sciences for junior high and high school teachers will be conducted at the University of Oregon this summer.

The institute will last from June 19 to August 12. Courses will be given especially for teachers of biology, chemistry, physics and natural science. The institute is being sponsored by the National Science Foundation through the University of Oregon.

Stipends will be awarded to 10 participants in the geology and 20 in each of the three other fields, biology, chemistry and physics. Stipends for the eight-week session will be \$600 plus \$120 per dependent and travel expense.

In biology, field and laboratory methodology will be emphasized. Recent advances in biology and field botany will be secondary phases of study.

The study course in chemistry will be divided into lectures and work in design and development of high school laboratory equipment.

The physics program will include a lecture sequence concerning physical principles, including problem-working and reading assignments, demonstrations by the instructor of laboratory and class techniques, and construction of instruments.

Faculty for the institute will be biology, James Kezer, associate professor of biology at the University; chemistry: Floyd Reese, associate professor of chemistry at Chico State College; geology: Ernest H. Lund, associate professor of geology at the University of Oregon; physics: John L. Powell, professor and head of physics department at the University of Oregon.

Deadlines for applications is Feb. 15. Applications must be accompanied by a letter of recommendation from the applicant's immediate supervisor, stating the applicant's aptitudes for this institute. Notification of award of stipends will be made by March 15.

Full-time courses will be offered all fields except geology. The courses will carry graduate credit.

Prospective participants may get further information from the Summer Session Catalog, which may be obtained in the Editor's office, University of Oregon, Eugene.

Movies . . .

(Continued from page 2)
is the laughable plight of the person who has contracted polio just after the Salk vaccine hits the market. The main character will be a nine-year-old girl, because children are funny all the time, even when they can't act. The kid's father will be blind, and in one scene he will be writing a check to the hospital and will make it out for \$100 instead of \$1000.

I'm going to write another comedy after that, but I haven't decided where to set it yet. I'm torn between a leper comedy—I mean colony—and a bar that is a hangout for homosexuals. I just can't decide. They're both as funny as a divorce court.

That Mr. Kr. Sr.
(Why don't you Blr. your feet and run out for a delicious Dairy Queen?)

Shot Time 'Good'

WASHINGTON (UPI)—U. S. space experts say Russia picked up a favorable time for its rocket shot to Venus. They said the position of Venus in relation to the Earth is good for such a space probe.

The White House also announced Sunday President Kennedy knew of the Russian space feat before the official Tass announcement.

Students Demonstrate

AUSTIN, Tex. (UPI) — University of Texas students staged a major demonstration against movie theatre segregation in Austin Sunday.

Lincoln Day sympathy demonstrations also were staged by students in at least four other cities. In Rock Hill, S. C., law enforcement officers kept a Negro pilgrimage away from a prison where 11 sit-in demonstrators are jailed, but later allowed the Negroes in for brief visits.
