

Military musicians to present concert

The United States Air Force Band and Singing Sergeants will hold a concert Monday evening at 8 p.m. in McArthur Court.

THE BAND IS UNDER the direction of Col. George S. Howard. Col. Howard is known in music circles through contacts made on tour with the band. His group has performed in most of the world's capitals.

Featured in the concert will be famous soloists along with the well-known choral group, the Singing Sergeants, under the direction of Capt. Robert L. Landers.

THE BAND is being brought to

Eugene under the auspices of the Erb Memorial Student Union Board.

Members of the United States Air Force Band have been termed "Goodwill Ambassadors." It has been said that they are doing "more good with their good playing and courteous manner than could be done by a bundle of propaganda pamphlets."

TICKETS ARE NOW on sale at the main desk in the Student Union and they may be purchased at the door. Admission for reserved seats is \$2.00. General admission will be \$1.50 for adults and \$1 for students.

Senate to recommend program . . .

(Continued from page 1)

ures and possibilities of a program in faculty evaluation. Doug Greer, committee chairman, said that "since the students are the consumers, they should be able to evaluate the product."

THE EVALUATION program would probably include a questionnaire circulated to students in the course evaluating the term, or the year's presentation and value of course material. It has proved successful in a few classes which use such a program. The committee stated, "At present there is only one-way faculty-student communication, namely faculty to student. This would change the communication to the opposite direction."

The possibility of changing the advisor program was suggested, in that the dorm counselors would be responsible for aiding freshmen with their initial schedules

and that department consent be given on schedules. Later, advisers would have more time to discuss programs with the new students, thus promoting a more personal relationship between student and advisor than is now gained in the five to ten minute sessions held during registration.

IT WAS SUGGESTED that the dorm counselors be given training in academic counseling during the week before registration begins, and that advisors be given credit for publication and research.

Members of the committee will study the scope of the racial discrimination problem in off-campus housing before making recommendations.

STUDY OF THE selection of the rally squad is scheduled.
