Foreign Aid Bill Cut

WASHINGTON (UPI) — The House Thursday night approved a record cash cut of one billion 100 million dollars in President Kennedy's foreign aid request. In doing so, it ignored a Presidential warning that such a sharp cut might hurt the security of the free world. A roll call vote of 249 to 144 passed the bill with the cut intact. Also contained in the measure was a surprise proposal to cut off all U.S. aid to any country trading with Communist Cuba. The house version of the bill now goes to the senate where a sharp debate over the record cut is certain.

Cup Race Postponed

NEWPORT, R.I. (UPI) — The Australian yacht "Gretel" has requested and received a postponement for the fourth heat of the America's Cup races. The craft crossed the finish line nearly nine minutes behind the American vessel "Weatherly" Thursday. This gives America two wins in

the best of seven series. Asked if anything was broken on the Gretel, an Australian spokesman said "only our hearts."

Stevenson Warns U.N.

UNITED NATIONS (UPI)— U.S. Ambassador Adlai Stevenson spoke out at the U.N. Thursday warning that Communist pressure on Berlin is a "threat to world peace." Stevenson also urged the General Assembly to put the U.N. on a sound financial basis. He plugged for the unconditional election of a Secretary General to a five-year term with "full freedom and authority."

Strike Meet Held

WASHINGTON, D. C. (UPI)— Acting Labor Secretary Willard Wirtz met with labor and management officials in Washington yesterday in efforts to settle the Chicago and North Western railway strike. He called the Thursday night meeting to "tie up loose ends" over the three-week-old dispute between the Railroad and the Telegraphers Union. Wirtz is trying to get the rival factions to agree on specific questions to be submitted to an arbitration board.

Estes' Friends Jailed

EL PASO, Tex. (UPI) — Three former associates of financier Billie Sol Estes were given sentences at El Paso, Tex. Thursday. Federal Judge R. E. Thomsan sentenced two Superior Manufacturing Co. officials to 10-year prison terms and the third to six years imprisonment. Thomsan accused them of what he called "One of the most premeditated, fantastic and ruthless frauds" in the southwest's history.

Housing Director Job Eliminated

A reorganization of housing offices at the University has resulted in the abolishment of the office of director of off-campus housing.

The job will be handled by H. P. Barnhart, director of dormitories, and he will also direct the housing program for students seeking apartments and rooms, and married student housing projects.

A former Lane County sanitation department employee, John D. Thorpe, has been hired by the University to work for the dormitory office. Thorpe will assume most of the duties involved in married student housing projects and plans, off-campus problems in housing and information on off-campus housing.

Mattox Pipe Shop Chuckle for Today

A Washington night club act satirizes the revelation that Presidential brother Ted Kennedy was once asked to leave Harvard. Ted: "Father, I have bad news. I can't return to Harvard this year." Father: "Drat. Well, we'll just have to move Jack up to President and you down to senator."
