

# Pigskin Pick Season Starts With Guest Guesser

The 1962 Emerald Pigskin Pick campaign is underway. After a nine month lay-off four veterans have returned to the Pigskin ranks with one new member and a new innovation.

**THE NEW** innovation, created to provide interest to those not awed by the learned opinions of the EPP regulars, is the addition of a guest picker each week. These guest pickers, selected because of their prominence in campus affairs, will try their luck at defeating the veterans week by week and on an over-all percentage basis.

The guest picker this week is UO Athletic Director Leo Harris. Mr. Harris, although declining to estimate point differences, seemed very positive about his prognostications and has undoubtedly started the guest pickers on their way to a good season.

**THE FOUR** veterans returning are Bob Pond, Chris Church, Joe Berger and (shudder) Ron Buel. Pond, last year's runner-up to champion Pete Downs, the latter who has left the UO campus by way of graduation, is very confident he will triumph this season. Bob finished only one game behind Downs last year.

One game back of Pond in last year's campaign was Chris Church, the current Emerald sports editor. Closely behind Church was one of last year's sports editors, Joe Berger. Berger, too, seems confident and definitely has his hopes set on a smashing victory and the coveted Oswald Jacque trophy.

**THE OTHER** returnee is Ron Buel. Buel, a two-year EPP, holds

the distinction of being the only man in history to finish a year last in two seasons. In fact, Ron's accumulative average for those two years is below .500 per cent.

Mathematically anyone, even a monkey, should be able to at least pick one-half of the games correctly. Being constantly reminded of this fact by the other veterans, Buel has promised to devote much effort to having at least a .500 year.

**THE NEW** regular on this year's team is Lee Turnbull. A former business manager of the Emerald, Lee has been walking around for days with a warm glow of confidence dominant in his character. Rumor has it that Turnbull did not work this last summer but instead traveled all over the nation scouting in hopes of victory in his rookie year. Unfortunately, for Turnbull at least, his rookie year is also his last as he is a senior.

The season will last for 10 weeks with the prognostications published each Thursday or Friday, depending on page space.

## get Lots More from L&M

more body in the blend  
more flavor in the smoke  
more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more of this longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And with L&M's modern filter—the Miracle Tip—only pure white touches your lips. Get lots more from L&M—the filter cigarette for people who really like to smoke.
