Pharmacologist Will Lecture Here

"Standards of Measurement and Nursery Rhymes" will be the topic of an address by Chauncey Leake, lecturing pharmacologist from the University of California Medical School, at 7:30 p.m. in 123 Science.

Leake's fields of interest include the activities of the central nervous system, narcotics, anaesthetics, chemotherapy, and the mechanisms of drug activity. He is also interested in the history and philosophy of medicine.

AFTER RECEIVING his Ph.D. from the University of Wisconsin, Leake was given an honorary Doctor of Humanities degree from Kenyon College in Gambler, Ohio.

Leake has taught at Wisconsin, the University of California, and Ohio State University where he is now emeritus professor of pharmacology. He recently returned to Berkeley as a lecturer in the University of California Medical School.

His lecture is being sponsored by Sigma Xi, national science honorary.

White Caps Plan Term Projects

White Caps, an organization of pre-nursing students, held its first meeting of the term last week.

Discussion of trips to Sacred Heart Hospital and the U of O Medical School in Portland was included in the meeting, and methods of raising funds were discussed.

Current officers of the group are Terrina Gibson, president; Judy Eivers, vice president; and Dee Ritzdorf, secretary-treasurer. About 90 girls belong to the organization.

Jeff Cook Elected President of TKE

Jeff Cook was recently elected president of Tau Kappa Epsilon fraternity.

Also elected were Richard Ronk, vice president; Jerry Rutherford, pledge trainer; Jack Carter, treasurer; Cliff Goldman, chaplain; Bud Boyer, secretary; Bill Hagebush, historian; Rod Carlson, rush chairman; and Larry Newgart, social chairman.

Competition Open For Internship

Applications now are available for the Congressional Internship program this summer.

The program, which allows two students to serve as interns in the offices of Oregon Congressmen, is being sponsored by the Political Studies Program at the University. Competition is open to juniors, seniors and graduate students in political science, journalism and law.

Those chosen will receive financial support from the PSP. Applications may be obtained from the political science department, 307 Commonwealth, and the Politics Studies Center, 101 Cherney.

Council Evaluates Religious Forum Week

Small attendance and lack of inter-play between speakers were the criticisms of Religious Forum Week which ended last Wednesday made by the University Religious Council after evaluation meeting.

However, Chairman Jim Orrell said that firesides with local speakers held in living organizations previous to the week were successful. YWCA Executive Secretary Lois Greenwood said that for the first time Forum Week speakers lectured in classrooms and in dormitories, providing greater contact between students and speakers.

Miss Greenwood said that although discussion between speakers has frequently developed in previous forums, speakers this year seldom participated in the question and answer periods which followed panels and lectures.

She suggested that one speaker was needed to tie things together. Orrell said that the lack of communication between speakers was "a real deficit" this year, but that one speaker for connecting the lectures was unnecessary.

The committee had hoped that the final speaker, J. Edwin Orr, would summarize the week's activities in his Browning Room address Wednesday night, Orrell added.

He said that the lack of student attendance at the lectures and panels was due to insufficient publicity, student apathy, or student "busyness."

The panels and three of the five lectures were well attended and faculty participation was good, Orrell said.

Miss Greenwood said that attendance was hampered by the "general feeling of students about lectures." She explained that students hear so many lectures in a week, they don't care to hear more.

She said that even though this year's topic "Religion in Life" couldn't be much closer to the individual, the average student will

go to lectures to hear only prominent figures or controversial issues.

Because the speakers spoke in classes and dormitories, student contact with them need not be measured by attendance at the lectures, she emphasized.

Religious Forum Week speakers were Dr. Camilla Anderson, psychiatrist; David Bassan, businessman; Dr. Ralph Byron, surgeon; the Rt. Rev. Monsignor Thomas Toben, labor-management student, and J. Edwin Orr, historian.
