

Tax Reform Sees Delay

WASHINGTON (AP) — Some influential members of Congress, in first reaction to President Kennedy's tax message, expressed belief Thursday that changes he asked as "reforms" may have to be postponed if a tax cut is to be effective this year.

The message spelled out complex and highly controversial proposals for raising tax revenues an estimated \$3.4 billion yearly.

Kennedy advocated these changes as a partial offset to the \$13.6 billion that would be lost through the tax rate cuts the President says the economy needs to realize its potential.

Bomber Missing

BROWNVILLE JUNCTION, Me. (UPI)—An Air Force B-52 jet bomber with nine men aboard was reported missing last night and is believed down in the rugged, snow-covered wilderness of Central Maine. A spokesman at Westover Air Force Base near Chicopee, Mass., said the giant eight-engine bomber left Westover "shortly after noon and was overdue from a training mission."
