

**And How!**

# Republicans Celebrate Abraham Lincoln's Birth

**Combined AP-UPI Reports**  
 Lincoln Day was marked by denunciations from Republicans of Administration handling of everything from Cuba to Civil Rights, and by a White House reception. The GOP accused the Administration of botching both domestic and foreign affairs policies. And Democrats quickly retorted that Lincoln, the first GOP President, would scorn the Republican party of current times.

At the White House, a reception of civil rights leaders was held commemorating Lincoln's birthday and the anniversary of the signing of The Emancipation Proclamation.

In Los Angeles, Republican Governor Mark Hatfield of Oregon charged that the courts in Illinois are controlled by Democratic Mayor Richard J. Daley of Chicago.

**HATFIELD** made the accusation in a sidelight to his talk in Los Angeles Tuesday. The occasion was a Lincoln Day breakfast meeting with key members of the

GOP Assembly of Los Angeles County and the Republican Women's Federation.

Hatfield criticized what he called "the number of questionable votes" in last fall's election in Illinois. Referring to a subsequent investigation, he said "The courts are under the political control of the famous mayor." Then he referred to Daley by name.

**HATFIELD** said the Daley administration points up the need for a strong opposition party in Chicago.

Both houses of the Oregon legislature paused in their delibera-

tions Tuesday to hold brief observances of Abraham Lincoln's birthday anniversary.

**SENATE** President Ben Musa, who is acting governor in Gov. Mark Hatfield's absence, came to the Senate Chamber to read Lincoln's Gettysburg Address, and part of the second inaugural address. The second inaugural contains the famous "with malice toward none, with charity toward all, let us strive to do the right as God gives us to see the right."

In the House, Rep. Robert Jones, (R-Beaverton) reminded the lawmakers that although Lin-

coln followed many other trades, "his heart was always set on politics and the law."

**JONES**, THE grandson of a Union veteran, said Lincoln was only 28 when he said that "As a nation of free men, we must live through all time, or die by suicide."

"He was Honest Abe Lincoln to all the people and Father Abraham to his soldiers," Jones said.

"On this, his birthday, we cherish the hope and nurture the faith that 'government of the people, by the people and for the people shall not parish from the earth.'"

## Tax Commissioner Claims Cigarettes Cheap in Oregon

By AL DEN BESTE  
 Associated Press Writer

SALEM—Oregon has the lowest average price per pack of cigarettes of any of the 50 states, the House Tax Committee was told Tuesday.

This information came from Fred Hoefke, state tax commissioner, who testified as the committee continued examining major revenue proposals for the next biennium.

**HOEFKE SAID** Oregon's average price per pack as 20.5 cents, compared to North Carolina's 21.4. Oregon, North Carolina and Colorado have no cigarette tax, but Oregon is the only one that doesn't have a sales tax.

Gov. Mark Hatfield has asked

for a 4-cent cigarette tax to raise \$10 million in the next two years. Hoefke said the tax would cost \$85,000 to administer.

**DAVID BARROWS**, representing the Oregon Tobacco Distributors Association, said the tax would seriously hurt Oregon tobacco dealers. He said many residents of neighboring states, particularly Washington, now come into Oregon to buy cigarettes, and also buy other items when they are in the state.

An effort in the Senate Tuesday to suspend the rules and get a resolution passed providing for a joint Friday afternoon meeting was unsuccessful.

The proposed joint session would hear Gov. Mark O. Hatfield and Sen Wayne Morse re-

port on the progress of the Boardman space industrial project in Northeast Oregon.

The state is attempting to acquire land and Columbia River frontage to lease to the Boeing Co. of Seattle.

**SEVEN** senators voted against suspension of the rules. The matter will come up for final vote Wednesday. One senator said an effort would be made before the final vote to line up greater strength against the joint session.

Sen. R. F. Chapman, (D-Coos Bay) said, "They can tell us about the Boardman project in a letter—we're too busy to take the afternoon to go hear speeches." Several senators said they might not attend the session.
