Steen, Blunt Win Two Events

Ducks Trim Huskies; 6 Marks Fall

By RON BADERMAN
Emerald Sports Writer

Against the background of a typical fine Oregon spring day, the Oregon Duck track ensemble crushed the University of Washington Huskies, 103-42. It was the weather conditions that probably prevented a sub-four minute mile by Keith Forman and a 16 foot pole vault by Brian Sternberg.

Forman took off like a rifle shot and kept up his torrid pace for three laps. He ran laps of 58 seconds, 60 seconds, 60 seconds, and finished the final kickless lap in 62.3 second. Forman ran un-paced after he immediately drew

half a lap ahead of the field. His attempt at lowering his mile mark of 4:00.1 this year provided real excitement, and makes one wonder just what the time would have been had the track been fast. He was timed in 4:00.3 with Barry Adams and Dan Tonn taking second and third respectively in 4:15.1 and 4:15.9.

Sternberg clears

In the pole vault, as expected, Brian Sternberg provided the thrills when he found himself the only competitor clearing 15 feet. Sternberg, who has vaulted 16'5", hit the bar on his initial vault, but cleared it easily on his

second try. After the other vaulters dropped out at the 15 foot level, the bar was raised a half foot and Sternberg cleared that height. Although the other 16 events had been completed few fans left as he began his assault on 16 feet. He failed to over on his first two tries and on his third and final attempt, only his jersey prevented him from assaulting the world record he held two weeks ago.

Steen, Blunt win two

The Ducks provided two double winners, the two Daves, Steen and Blunt. Steen put all of his puts over the 60 foot mark and settled for 60'4 1/4" as his winning put. The Ducks swept the event as Dick Brown and Jerry Larsen finished behind Steen. In the discus, Steen decided he could again use the correct form and threw 166'7" to win the event. This marks the first meet since the season's opener that Steen has been unhampered by his elbow. Brown took a third in the event.

Dave Blunt looked strong, steady, and consistent while winning the 100 yard dash in 9.8 seconds and the 220 yard dash in 21.9 seconds. He also anchored the winning 440 yard relay team.

Stuber wins high jump

The Ducks double soaring scoring entente, Terry Llewellyn and Paul Stuber, resumed their rivalries, and outclassed their competitors. Both cleared 6'10". This time Stuber was the victor as he missed fewer times than Llewellyn.

Football and track star Mel Renfro, after jumping 25'6" at Corvallis last weekend, failed to qualify in the broad jump as he scratched on four successive jumps. Later he came on to win with little difficulty, the high hurdles in 14.5 seconds. Stan Shephardson took a third place.

Jim Meinert took first place in the 440 yard dash and second in the 330 yard intermediate hur-

dles. In the latter event, Dan Tonn provided the crowd with considerable entertainment as he found himself deliberating before each hurdle as to whether or not he should jump over it. It was all in good fun with Tonn having as good a time as the crowd. Looking stronger each week, Meinert came back to run the opening leg of the Ducks' mile relay effort and provided a 20 yard lead for Ray Van Asten.

Ducks take mile relay

In the mile relay, the Duck team of Meinert, Van Asten, Archie San Romani, and Lew Powell led all the way, winning in 3:18.

Powell outran Ted Abram and Adams in the 880 yard run and won in 1:54.3. The Ducks swept this event, along with the mile run, the shot put, and the two-mile.

In the two-mile, Clayton Steinke, Mike Lehner, and Vic Reeve ran bunched together for the first mile with Reeve putting considerable distance between himself and the pack after the fourth lap. He finished in 8:59.2, a new meet record.

Six records set

In the triple jump, Wariboko West set meet record with a jump of 46'2". Vern Fox picked up second place jumping 44' 1/4". Meet records were also set in the broad jump by Shinnick at 25'2", the pole vault by Sternberg at 15'6", the shot put by Steen at 60'4 1/4", Forman in the mile in 4:00.3 minutes and Reeve in the two-mile.

Half Mast

By RAY MAST
Emerald Sports Editor

Track and field fans attending the Oregon-Washington meet last Saturday may have noted a few oddities and surprising performances.

This is the first time I've ever seen Mel Renfro scratch on four broad jump attempts—much less four consecutive attempts. His first two jumps looked to be well over 25 feet, too.

In 1959 Otis Davis set the Hayward Field record of 46.3 in the special 440. Saturday, almost 4 years later, Davis ran a 47.2. He's lost only .9 of a second in that period of time. Take into consideration that Davis was running on a rain-soaked track, and his time is even more fastastic. Jim Meinert, who won the scheduled 440, ran a 48.9.

Six meet records fall

Did anyone notice that six of the seven records the Emerald predicted to fall, did? Of course, Mel Renfro didn't set the broad jump record, but Washington's Phil Shinnick obliged with a leap of 25-2. Renfro also failed to better the high hurdle standard, but was hampered, like all the sprinters, by the slow track.

Two men who have been out of action for the biggest part of the year turned in strong performances. Ted Abram, competing in only his second meet of the season, finished second in the 880 with a 1:55.2. Mike Lehner, who has been out the entire season recovering from mononucleosis, ran a 9:13.5 in the two-mile and looked exceptionally strong at the finish.

Steen's put beyond 60

Dave Steen is certainly proving himself to be one of the nation's greatest in the shot put. Each of Steen's puts was over 60 feet. His first put of 60-4 1/4 broke the meet record.

Add another high jumper to the fold. John Jost cleared his all-time high of 6-4. I wonder how long it's been since the Ducks have had three jumpers over 6-4. Not too long ago, Oregon was lucky to have one over 6-4.

Also in the high jump, Paul Stuber and Terry Llewellyn continued to trade first place honors. Stuber won at 6-10 on the basis of fewer misses. Against OSU, Llewellyn won.

Tonn vs. hurdles

The Ducks may have come up with a new intermediate hurdle sensation against Washington. Dan Tonn, usually a distance man, looked very smooth as he took fourth place in this event. Tonn was barely nosed out for third place by Jim Peterson, who looked like he, too, was a novice.

When Brian Sternberg missed his first attempt at 15 feet, after more than an hour of waiting for the rain to stop, one spectator near me burst out laughing. Needless to say he didn't laugh on Sternberg's next jump when Sternberg cleared 15 feet by about a foot and a half. It looked like Sternberg had 16 feet on his third attempt at the height but knicked the bar on his way down. It was easy to see why he was world record holder for awhile.

here is a book
that is
helping us
to
get along
with others

Satisfying human relationships can make a big difference between success and failure in college. Whether it's a roommate, a professor, your family, or friends, you want to get along well with them. We are learning a lot about this through our study of the Christian Science textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy. You can, too. We invite you to come to our meetings and to hear how we are working out our problems through applying the truths of Christian Science.
