

Governor Doesn't See V.P. Draft in Future

LA CROSSE, Wis. (AP)—Gov. Mark O. Hatfield of Oregon said Saturday that he is not a candidate for the Republican vice-presidential nomination and he does not expect a draft.

Hatfield told a news conference that since Oregon has only six electoral votes he sees no possibility of being on the national ticket. He said the Republican party is a minority party and any vice-presidential candidate would come from a state having a large population.

Hatfield said he is for states' rights but not in the "sentimen-

tal Southern attitude."

The governor said states should have the right to things first, but if they don't do them, the federal government should.

Hatfield said he favors foreign aid, but that he does not believe it can be used to buy friends and influence. He also urged that foreign aid be taken out of federal control and be placed under a foundation.

Ellickson Reported In Good Condition

Sacred Heart general hospital reported Sunday Raymond Ellickson, University professor of physics, is in "good" condition.

Ellickson has been in the hospital since last Sunday when he suffered a heart attack. Hospital officials said his condition has been improving.

Ellickson retired as the head of the physics department in 1959, but has continued to teach at the University. He is also the faculty athletic representative.

John Birch Governor Sets Talk Tuesday

John H. Rousselot, former U.S. representative from California and current Western District Governor of the John Birch Society, will speak at 7:30 p.m. Tuesday in the Student Union.

"Civil Rights—Communist Betrayal of a Good Cause," will be the topic. Rousselot contends that Communists plan to use civil rights legislation now under consideration in Congress to advance their own ends. He has stated, "The Communists have a long, clear record of using civil rights to bring about civil disorder, to pit American against American." He will document this statement in his address here.

A native Californian, Rousselot was graduated from Principia College, Elmhurst, Ill.

He has been associated with a number of public relations firms. His government experience includes two years as Director of Public Information for the Federal Housing Administration; deputy to chairman of the Board of Equalization for the State of California. He has been secretary of the California Congressional Delegation, a member of the all-important Republican Policy Committee and has served the Republican party in many capacities since 1946.

Rousselot has been district governor of the John Birch Society since Jan. 1, 1963.
