

Letters to the Editor

(Continued from page 6)

side of 13th St. from Agate St. to Villard St. is still unparcable. This whole area was eliminated as a parking area temporarily due to sidewalk improvements. However, a month has passed and this area is still closed to parking. Now this pure stupidity and poor planning. Next, the entire east and west sides of Agate St. from Franklin Blvd. to 15th St. is no longer open to parking due to an unsightly and totally needless island.

For years this area, which can park about fifty cars, was a parking haven. But now in our desire for parking facilities, the city of Eugene decided to put in an island that was as unattractive as a black eye.

The faculty, administration, and University personnel have all been affected by these prolonged conditions, not just the students. If the planning committee was aware of the problems it would cause everyone, I am quite positive they would have done their construction during the summer.

If something could have been done in the planning stages and was not, I would suggest such considerations be taken into account for future University construction and development or renewal. If something can be done now, I would suggest that it be done and very soon. If, however, nothing can be done, I would urge everyone after examining closely all the work completed or being done on the campus, to ask himself if it was really worth it! It seems to me that it was not!

Arlin Amsberry
Junior, Political Science

Totally Absurd

Emerald Editor:

I find the faculty's rejection of the Mosser plan totally absurd. Why, I ask, are they given this prerogative?

It was, apparently, the wish of the State Legislature and this University's student body that the faculty participate. Yet the faculty was allowed to reject both the demands of a legislative body that theoretically represents this state's populace and the desires of this University's student body. It should be remembered that the University is, pardon the term, a service organization. This is, I should think, why the state of Oregon is supporting it and I, as well as a number of other students, diligently pay my fees each term.

We may, therefore, ignore the fact that the faculty as a minority is overruling both the state Legislature and its own student body. But how does one account for their ability to act in a manner contrary to the desires of those who they "serve," i.e., the state of Oregon and the students of the University.

W. C. Hayes
Junior, Pol. Science.

Divine Love

Emerald Editor:

This is the age of demonstrations and dramatics for any issue; one in which divine courage is lacking in many quarters, and with revolutionism just around the corner, it is not strange that such tactics are popular headline news the world over.

Yet the best news may never reach headlines. Such is concerning the Lord Jesus Christ who came into the world to save sinners, who made peace through the blood of His cross, and who alone can change the ugly picture and plight of our time for if any man be in Christ he is a new creature; old things are passed away.

While many leaders heartily indulge in their new-found fame and fortune as they proclaim salvation via such methods; the heart of multitudes remain the same; not to mention the conditions outwardly which could well be defined as anarchy in many cases.

In spite of good intentions, the money spent, the near frantic efforts of legislators and

law enforcers, or even the lives yet to be given, the worse is yet to come for every kingdom divided against itself is brought to desolation, and they that take the sword shall perish with the sword. Salvation is to be found in none of these for salvation is of the Lord who once suffered for our sins; the just for the unjust that He might bring us to God.

As a Negro seeking not sympathy or sensationalism, but the welfare of my fellow-traveler to eternity; who knows without doubt that the Lord Jesus Christ who was delivered for our offenses, and was raised for our justification alone is the answer, and that men everywhere need to be reconciled to God who is no respecter of persons as only the love of Christ in the heart can make the difference.

Japanese Exhibit At Art Museum

A two-part exhibition will open the winter term program of exhibitions at the University Museum of Art on Tuesday.

The two shows, both the results of special trips made to Japan last summer, are "Architecture in a Japanese Neighborhood" and "Recent Acquisitions from Japan." Both will be on display in the museum through Feb. 3.

"Architecture in a Japanese Neighborhood" is composed of panels of mounted photographs, drawings, and plans. It is the result of a University research and area training program made possible by a grant from the Ford Foundation through the Asian Studies Committee and the Institute of International Studies and Overseas Administration of the University.

The second show in the joint exhibition, "Recent Acquisitions from Japan," included purchases made for the Friends of the Museum by the Museum director, Wallace S. Baldinger, and Mrs. Baldinger. They spent the past summer traveling in Japan. The acquisitions in the collection are purchase gifts by the Friends for the Museum's permanent collection.

Campus Dance Dates Released

The following dates have been released for winter and spring term house dances. Social chairmen must file a petition with the appropriate dean before any dance can be held.

Men's Dates

Jan. 7-8, 14-15
Feb. 4-5
March 4-5
April 15-16
May 13-14, 27-28

Women's Dates

Jan. 7-8, 14-15
Feb. 25-26
March 4-5
April 29-30
May 20-21, 27-28

Musicians Present First Little Concert

Two musicians, Milton Thomas, violinist, and Georgia Akst, pianist, will be presented in the first Little Concert Series of the first Little Concert Series of the first at 8 p.m. at the University Tuesday.

Admission to the concert, in the Music School auditorium, is by Little Concert season ticket or by individual admission at the door. Individual tickets are \$2.50 for adults and \$2 for students.

The musicians have appeared together in concert in the United States, England, Europe, and Israel, and will present a program that will include compositions by Schumann, Bach, Lazarof, Beethoven, and Hindemith.

Grant to Aid Science Students

A \$5,000 grant for unrestricted use in the science area and for "development of leadership of the gifted students in the science area" has been made to the University by the Camille and Henry Dreyfus Foundation, Inc., of New York.

This is the second \$5,000 grant the Foundation has awarded the University this year. An earlier grant, in July, was for unrestricted use in the department of chemistry.

The new grant will be administered, as was the first, by the University of Oregon Development Fund.

A major objective of the Camille and Henry Dreyfus Foundation is the advancement of chemistry, chemical engineering, and related sciences.

The Foundation, in making the grant, wrote that "The Board of Directors recognizes your University as one of the institutions which has achieved an outstanding performance in the basic purposes of education and research in the sciences. It is our hope that these funds will help in continuing your record of achievement."

Johannis Named Editor of Series

A University sociology professor, Theodore B. Johannis, Jr., has been named consulting editor of the Rand McNally Marriage and Family Life Series.

The series will include a fundamental textbook for 12th grade students on marriage and family life, plus such supplementary materials as filmstrips and charts.

Mortenson Publishes

Peter Mortenson has had an article entitled "The Role of Albany" published in Shakespeare Quarterly, XVI, Spring 1965. He is a part-time English instructor and doctoral candidate.
