

Wrestlers Win Two, Lose One

Oregon's wrestling squad won two out of three matches on a three-day road trip last weekend, defeating Washington State and Eastern Oregon while losing to Central Washington.

Washington State fell Friday in Pullman, 22-8. Eastern Oregon was edged by Oregon Saturday night in La Grande, 16-15, and Central Washington scored a 29-6 victory Thursday in Ellensburg. Two wrestlers won all three

matches for Art Keith's Webfoot squad. Curt Scott, 130 pounds, and Doug Robertson, 137, both gained three decisions.

All three of Scott's were lopsided decisions, defeating Jim Herman of Central, 16-1, Allen Peterson of WSU, 11-6, and Bill Quant of Eastern, 12-2.

Bob Lawrence, heavyweight, and Steffen Criner, 145, each nabbed two wins. Lawrence's second round pin over Mike Staff of Eastern Oregon gave Oregon its 16-15 win. Criner also gained a fall in that meet, pinning Wayne Leaf in the first round.

UO Rugby Team Defeats Portland

The Oregon rugby team blasted the Portland Rugby Club Saturday in Portland by a 30-6 margin. The win left the Duck team with a 2-1 pre-season record.

Oregon hosts the University of British Columbia Saturday in the opening game of the Northwestern Rugby Conference. The game is scheduled for 1:15 p.m. on the football practice field.

Speed Reading Offered at U of O

Read a book a day? . . . Impossible?

"It can be done," say 150 University of Oregon students who have learned a reading technique enabling them to at least triple their original reading rate with equal or better comprehension.

Again this term the unique reading course (Evelyn Wood Reading Dynamics) will be available to U of O students and faculty. This amazing reading course has a money-back guarantee that its grads will at least triple their starting reading rate.

Makes Time

No time this term? The course makes time for itself because the practice is done on regular text and classroom material. It also teaches a new study and outline method enabling students to prepare for tests in one-third the normal time, to retain more, and to achieve higher grades in every subject.

Note the performance of Oregon college students last year:

Avg. GPA before course—2.77
Avg. GPA during course—3.03
Avg. GPA after (accum.)—2.89

The average reader reads at a speed of about 250 words per minute, or up to 600 words for exceptional readers. Most Evelyn Wood graduates can read between 1,500 and 3,000 words per minute, and some as high as 30,000!!!

Two free demonstrations of this amazing new reading method will be held next week. Free courses will be given away in a drawing each night. The demonstrations will be held Tuesday and Wednesday at 7:30 p.m. Tuesday night at the Central Lane YM-YWCA, 2055 Patterson. Wednesday night at the Phi Delta Theta fraternity across from the library.

At each demonstration students will see an Evelyn Wood graduate read at a high rate, a book he has never seen, and then tell in detail what he has absorbed. A film will also be shown that includes interviews with U.S. Congressmen who have benefited from the course.

Any questions about the course should be referred to the EWRDI campus representative Tony Hapazis (344-8345).

Religious Discussions Include Music, Bible

A series of round table discussions, covering four areas associated with religion, will be sponsored by the Religious Directors' Association.

The series, with each round-table meeting for six sessions, is designed to include interested townspeople as well as students and faculty of the University.

The first two of the round-table meetings will be held Tuesday. The first one will meet at 6:30 p.m. in 114 Music. It will be a "Symposium on Sacred Music," and will include discussion of music in worship, liturgy, instruments in worship, vocal music in worship, church music literature, and the administration of church music.

The second round table opening Tuesday will be on "Directions in Contemporary Theology." This session will begin at 8 p.m. in 204 Chapman with an introduction to the nature and scope of contemporary theology. Subsequent meetings will deal with special European, American, and Catholic theology and an appraisal of the co-called "theology of the secular."

Two round tables are scheduled to open Thursday. The first of these, at 6:30 p.m. in 204 Chapman, will be on "Wisdom Literature of the Old Testament." Discussions during the six meetings will be on the nature of the wisdom literature and its relations to other types of Biblical Literature. Participants are asked to bring Bibles.

The fourth round table, opening at 8 p.m. Thursday in the Pocket Playhouse in Villard Hall, will be "Contemporary Theater Workshop," a series of discussions designed to explore the religious dimensions of contemporary playwrights and their work. Playwrights to be considered include Michel de Ghelderode, Eugene Ionesco, and Samuel Becket.

One session will be on methods of producing drama in churches and other non-theater places. At the opening meeting Faber de Chaine's drama class will present a short play by de Ghelderode.

Each group will meet at the same hour and place during the succeeding five weeks.

A \$1 registration fee for each series is payable at the first meeting. For further information, telephone 344-1043.

Canoe Fete Needs Publicity Workers

Plans are already under way for this year's Canoe Fete. With "Through a Looking Glass" as the theme, it is scheduled for May 6. The steering committee has been meeting since November, and a number of the chairmanships have already been filled.

Due to the importance of early organization and publicity of the Canoe Fete, Skip Clemens, promotions chairman, is calling for petitions of all those interested in working on publicity for the Fete. No previous experience in publicity is necessary.

ASUO petitions are available on the third floor of the Student Union. For further information, Clemens can be reached at ext. 1856 or 1922. Once again we are reminded that Canoe Fete is not just another activity, but a way of life.

THE CHALLENGE ?

In space . . . Vietnam . . . black versus white . . . everywhere the basic challenge is to men's minds: to discover a deeper spiritual insight . . . a dividing line between myth and reality.
