

Grant to Finance Center

Activities and services focused on programs and educational practices for exceptional children will be carried on in the new center to be established at the University under a \$186,814 grant from the U.S. Office of Education.

The new Regional Special Education Instructional Materials Center, to be developed within the Psychological Services Division of the School of Education, will be directed by Melton C. Martinson, assistant professor of education.

A projected five-year funding period has been established for the center, according to Martinson. The first year's grant of \$186,814 covers the period from June 1, 1966, through May 31, 1967, he said.

Serving the state of Oregon, Washington, Idaho, Montana, Alaska, and Hawaii, the center will be a base for a range of activities and services having broad impact on programs and educational practices for children with problems of mental retardation, social and emotional dis-

turbances, and the physically handicapped.

Functions of the center will include collection, evaluation, and production of instructional materials, and intensive activities in stimulation and coordination of field research.

The center will be established within the structure of, and as a complement to, existing under-

graduate and graduate training programs in the areas of education for exceptional children.

It will provide broad training, research, and service potential for training programs at the University; field and in-service activities at the regional, state, and local levels; and support for colleges and universities in the regional area.

SU Sponsors Oregon Trips

University summer trips sponsored by the Student Union are now available to students, according to Alice Kaseberg, assistant program director of the SU.

An excursion to the Oregon coast scheduled for July 10 will be the first trip.

Bus transportation will be used to convey students to Honeyman State Park, Sea Lion Caves, and other points of interest along the coast.

Sign-up deadline is July 7 and the trips costs are \$5. Fees may be paid at the main desk in the SU.
