

# IRS Tax Motion Draws Quick Fire

From CPS, Special Reports

WASHINGTON—The Internal Revenue Service's proposal to eliminate all tax deductions where taxpayers gain job advancement from their educational expenses will be contested by several parties including NDEA at public hearings.

The IRS suggested the new regulations on July 7 to tighten 1958 guidelines allowing taxpayers to deduct from their gross income all "business expenses" leading to improvement of skills, regardless of whether a degree, promotion or raise resulted. Business expenses include educational expenses to improve skills and apply to mechanics as well as teachers.

IRS issued the new regulations to prevent taxpayers, and teachers in particular, from deducting more income from their taxes than the 1958 rules allowed. If instituted, the IRS rules would bar exemptions for educational travel, including sabbaticals, and provide tax relief only for expenses necessary for maintaining employment.

Congressional reaction to the IRS suggestion was immediate and intense. Forty-five senators have introduced bills to bar the new IRS rules, and the move has gained similar momentum in the House.

Senator Vance Hartke (D-Ind.) has attached a teacher tax credit bill as a rider to an unrelated bill on taxes which is pending before the Senate Finance Committee. In the House, a bill sponsored by Congresswoman Edith Green (D-Oregon) is the first measure for consideration before the Ways and Means Committee.

The Hartke amendment may be in severe trouble because the chairman of the Finance Committee, Senator Russell Long (D-La.), Democratic majority whip, may pigeonhole the bill if the Johnson administration takes a stand against tax exemptions for teachers.

## Zeigler Editor

A book called "The Electoral Process" edited by L. Harmon Zeigler, associate professor of political science at the University and M. Kent Jennings of the University of Michigan, has just been published by Prentice-Hall, Inc.

## Amazon Resident Committee to Meet

A meeting of the newly-formed Amazon Resident Committee has been called for 7:30 p.m. today in the Roosevelt Junior High School cafeteria in order for the group to organize a liaison body with the University Housing Office and residents of the Amazon Project.

The group was originally formed to register complaints with the University Housing Office about living conditions and disrupting of privacy for making repairs to the houses in the project.

Spencer Block, member of the Committee, said that Director of Married Student Housing John Thorpe had met earlier with the group and had recognized it as "beneficial to all concerned."

# SU Board Sets Foundation For 'All-Campus Sign'

By JAQI THOMPSON

Emerald Staff Writer

The Student Union Board passed a resolution establishing a standard, all-campus sign with a permanent concrete base on the lawn of the SU in its meeting Wednesday.

The sign itself will not be permanent, but will be constructed to be put up or taken down in five minutes. It will have an oil-cloth face which will be changed for each event.

The sign will be the only one allowed on the SU lawn, and in accordance with SU policy, will be available for all-campus events only, such as Homecoming, Junior Weekend, Dad's Day, etc.

Also in accordance with present policy each group will need the permission of the SU Board to use this sign. A group could then purchase—at cost from the Board—a cut-to-size square of oil cloth on which to paint their message in advance.

The sign will be placed so as to be readable from "Hello Walk" and 13th Avenue. The probable size of its face will be four feet by eight feet.

By the standard size, location and construction of the sign, the detractor from the aesthetic

beauty of the SU and lawn will be kept to a minimum, the Board feels.

Other campuses have already established a Student Union lawn sign of this nature, according to Ken Settlementier, who introduced the resolution.

In other action the Board:

● Appointed Jeff Dorrah, Scott Farleigh, Jim Stevens, and Kathy Turnbull as members of the recreation council.

● Re-opened petitioning for the chairmanships of the Personnel and Movie Committees.

● Heard a report that space in the SU basement now occupied by a program of the Speech Department would not be available for student activities office space,

since the Speech Department is said to have a written contract for space in a "fireproof building." Since the space it now occupies is the only unoccupied space in any of the buildings considered "fireproof," it is likely to stay there. The Board may look into the situation further, and is considering asking for space in the Agate Street offices.

● Approved 10 University delegates to the conference of the Association of College Unions, which will be held here October 20, 21, and 22. The delegates are Jim Beat, Jim Wernsing, Jim Graves, Alice Kaseberg, Julie Tripp, Christy Moller, Byron Mizuha, John Ressler, Al Loveness, and Tom Cox.

## NOW SHOWING

Due to the abnormal  
Subject matter of this  
motion picture  
no children will be allowed  
with or without their parents!
