

# Center Opens Summer Flight

Applications for the sixth annual University Summer Flight to Europe are being accepted by the International Education Center.

The program, which offers a flight to Europe at reduced rate, gives eligibility to students, faculty, staff, dependents, and parents within the Oregon State System of Higher Education. Dependents must be living in the same household as the student faculty, or staff member. The parent, spouse, or dependent must be accompanied on the flight by the OSSHE member, who in turn must be a continuous member at one of the institutions six months prior to departure, which is on December 17, 1967.

IEC has reduced the price of the round-trip flight from Portland to London to \$389 for groups of 50 traveling on the same itinerary, which is the

cheapest transportation possible.

These flights have saved University students, faculty and staff approximately \$75,000 in travel fares during the past five years, according to Doug Young, IEC director.

For further information contact IEC, 319 EMU, ext. 1835.

## Dorm Conflict Sparked by Theft

Saturday wasn't the end of heated homecoming rivalry for a large handful of students at the University.

Sometime late Saturday night the gigantic duck sitting atop an archway over one of the main sidewalks between Carson and the EMU mysteriously disappeared.

The whole structure was the first place winning homecoming sign built by Sherry Ross, Alpha, and Gamma, all of the Straub Complex.

Sunday afternoon the duck, by now decapitated, was spied hanging upside down from a window on Carson V.

Residents of Sherry Ross, armed with water balloons and a lot of adrenalin, stormed up to the fifth floor during open dorm hours to find their wounded compatriot and bring him home.

Sherry Ross was successful only in getting the lower half of the bird and is still looking for the head.

## Wilson School Rep Visits

David N. Kernshaw, Director of Graduate Admissions of Woodrow Wilson School of Public and International Affairs, will visit campus today for the purpose of interviewing interested students.

Woodrow Wilson School provide a program of study in the social sciences for students planning careers in national or world-wide public service.

Additional information and arrangements for interviews may be made in the University Placement Service.
