

# Grounds Committee Postpones Survey

Postponement of the 13th Avenue survey and addition of a sidewalk beside the cemetery lot across from McArthur Court were the main items of business discussed at a meeting of the Building and Grounds Committee last week.

The survey of traffic on 13th Avenue, scheduled originally for Thursday and Friday of this week, has been postponed until a later date which cannot yet be revealed, according to Bob Winger, chairman of the ASUO Campus Planning Committee. The survey is a step toward the projected closing of the street.

A sidewalk on University Street is being planned because many students have complained about the muddy conditions on that side of the street, he said.

Inter-Fraternity Council has volunteered to provide labor for the project and Eugene city manager Hugh McKinley will obtain boards and a roller. Now all that is needed to begin work is crushed rock and asphalt. The University, it is hoped, will be able to provide necessary funds. Winger will contact local as-

phalt firms to get price estimates and other information.

## Income Tax Warrents Care

"When will I get my refund?" This is one of the questions most frequently asked by Oregon taxpayers, District Director of Internal Revenue A. G. Erickson observed today.

He said thousands of refund checks are returned to Internal Revenue every year because the postman cannot deliver them.

Illegible names or addresses cause many refund checks to be returned undelivered. This can be avoided by carefully printing or typing your name, address and zip code in the proper place on the return, and entering your correct social security number in the space provided, Erickson said.

If you move after you file your return, leave your forwarding address with the post office. It is also a good idea to send your new address to the Internal Revenue Service.

feel like sticking your neck out?

If you've ever argued with a professor or questioned a text, then you're probably someone who's not afraid to dissect a problem, put it back together the right way and take it straight to the top. Sometimes you can shave yourself pretty close this way but it's a good, clean feeling. Even if you're proved wrong. Because you'll probably be right the next time. And you know the route upstairs. Playing it close to the vest is the safe way, but we at Wards like to lay our cards on the table. Red tape is for cutting, and you've got the scissors. It's a tremendous challenge, eliciting new ideas in an old business. That's why we thrive on a regular infusion of fresh talent. If you like the idea of being new blood, meet the Montgomery Ward representative when he visits campus. Your placement office knows the particulars of his visit.
