\$50 Requested For Advisor

Appropriation of monies for the office of Minority Group Advisor was recommended Tuesday as the ASUO Fiscal Affairs Committee met in an afternoon session.

The committee recommended spending \$50 from University President Arthur S. Flemming's incidental fees reserve to help set up the office of Minority Group Advisor.

ASUO Vice-president Dan Allison explained the office would deal with such things as special education problems of minority group students, community action programs and training of dormitory counselors.

"It's not just for Negroes," Allison said as he explained that all minority group students are included in the office's concern. After July 1, the office will be funded by the ASUO Research and Development Fund.

A bill to create more knowledge of how incidental fees are spent was also passed at the meeting. Authored by committee chairman Bruce Gerhardt, the purpose of the bill is to "make

people more honest when requesting funds from the incidental fees budget."

The bill would create a Fiscal Affairs Committee of 10 voting members instead of the present five. It would require that incidental fees budget requests be made on a standard form and sent to the committee with explanation of the requests.

The bill would require that the committee have access to all financial records of the groups presenting requests. Groups requesting funds would have to submit a monthly summary of expenses and income.

In other action, the committee recommended that seven students be appointed to administer a financial aids fund which the Senate has proposed would come from campus vending machine profits.
