Letters

(Continued from page 6)
traveling overseas this year save your used city plans for the map library?

As any experienced traveler will tell you, the best way to see a foreign city is to buy a large city map (Stadtplan) for perhaps 75 cents and start walking or riding trolleys. The experienced traveler will also be able to show you a shoe box of used maps from the trunk in the hall closet that were left over from the trip he took in '62.

The plea from the map library is to think of them before you toss those maps into the hall closet this fall. Please bring them to Becky Wilson or Gene Hoerauf upon your return so that they might be used to bolster the foreign collection.
