Secretary Robert Finch told a new conference that DDT, a pesticide, was a pervasive threat to human life and the environment.

NEW DELHI, India—Prime Minister Indira Gandhi was expelled from the ruling Congress party Wednesday by Old Guard leaders, a group that includes some of the closest associates of her father, the late Jawaharlal Nehru.

The Old Guard—also called the Syndicate—accused her of indiscipline, seeking to build a personality cult, setting up rival groups in the party and causing the defeat of the party's nominee in the presidential elections last August.

McCarthy suggests third party with Mayor Lindsay as leader

NEW YORK (AP)—Sen. Eugene McCarthy said Tuesday night a national third party with Mayor John Lindsay at its head could emerge if no better candidates are offered.

"Unless the two major parties give voters a better choice than in 1964 and 1968, there will be a third party," said the Minnesota Democrat, an unsuccessful aspirant for the Democratic presidential nomination last year.

"New York City Mayor John

Lindsay could very easily be the leader of such a party," he said during an appearance on the Merv Griffin Show, CBS-TV's late night variety interview program.

McCarthy an opponent of the Vietnam policies of both the Johnson and Nixon administrations said of the antiwar demonstrations planned later this week:

"I don't think the marches were necessary until the President's recent Vietnam speech.

"The President's speech laid down a challenge to those people that do not agree with the government's policy and demonstrations are the only way for the public to show their disagreement," he said.
