

Drive he said. And, indeed, that is just what Billy Ingram (no. 40) did against the Portland Pilots. The 6-1 forward scored 11 points as the Ducks nipped Portland, 73-68. Photo by Matt McCormick.

Carlson returns

6-11 center eligible to play

Oregon Duck basketball fortunes took a turn upward Tuesday with the announcement that 6-11 center A Carlson will be eligible to play starting this weekend.

Carlson had been ineligible for the first nine games this season because of academic deficiencies. It was hoped he would play in the Far West Classic but a delay in getting one class varified prevented his participation.

The native of Garden Grove, Calif., saw limited action last season, playing behind all-time Oregon scoring leader Stan Love.

Carlson scored 12 points in eight games for a 1.5 scoring average. He also average 1.5 rebounds a game.

As a freshman, Carlson

averaged 15.3 points and hit 49 per cent from the floor.

At 6-11, the 210-pound junior is the largest basketball player in Oregon history.

Club Sports action light

As the Club Sports program goes into action again this term the opening weekend will feature only light action. The ski team will be on the road and the fencers will host an eight team invitational.

Coming off of a heavy dose of practice and a race over the holidays the skiers will head for Multopor where they will join several other teams including host Mt. Hood Community College in two days of racing.

Here at home Oregon spectators will get their first look at the fencers. The Oregon Invitational Men's Foil Competition will begin at 11 a.m. Saturday in Gerlinger Gym. While the bouts are not on the regular schedule of meets sanctioned by the Amateur Fencing League of America, some of the best competition in the Northwest will be present. Invited are Oregon State, Washington, Reed, Mt. Hood CC, the Seattle Fencing Club and a number of individual competitors.

Bowling on the collegiate level will not begin for another week but the men will be warming up in the Metro-Classic league where, due to lack of personel caused by the holidays, the Ducks have slipped to fifth in the ten team league after winning the first third of the season. They will bowl Thursday night against Shoppers Market on the Emerald Lanes at 9 p.m. and try to get back onto the right track.

IM entry deadline

Today is the last day to submit entry forms for the Intramural Sport's winter term program. IM sports include cross country, handball, weight lifting, and basketball "A" and "B". Forms must be turned in to the Intramural office, 171 PE, by 2 p.m.

This is an official entry blank for the Oregon Daily Emerald's Pacific-8 People's Peerless Prognostications. But any reasonable facsimile will suffice. Pick the order of finish of the Pac-8 teams at the completion of the 14-game schedule. The tie-breaker is the score of the March 10 Oregon-Oregon State game. First prize is \$10. All entries must be delivered to 301 Allen by 5 p.m. Friday, Jan. 7. (Emerald employees and their families are not eligible.)
