

UO women long on talent, short on cash

By TONIE NATHAN
For the Emerald

The University of Oregon women always look good, but they're looking better than ever as they swing into the 1972 sports season. The only problem is money.

The swim team, under Coach Virginia Arvidson, has been regional champion three out of the last four years.

After warming up during the Oregon Senior AAU Championships at Leighton pool last weekend, they're ready for their first meet of the intercollegiate season against Oregon State University Friday. The team will compete in 14 events including diving.

This is the first year of intercollegiate competition for 18-year old Cindy Marks, an outstanding young diver, who had a sensational record as a state and national contender from South Eugene High School.

Don McGavern, UO diving coach, says both Cindy and Betsy Beckett, also from South Eugene, should easily qualify for the national women's intercollegiate meet to be held in Cincinnati later this year. But neither girl may go because of lack of university funds for women in competitive sports.

The UO women's volleyball team has a similar problem.

It also qualified for the national play-offs but is unable to go for lack of funds. The volleyball team took the Northwest Regional championship during a two day tournament in Eugene in competition with 28

teams from four states last month. This is its second year as champion.

The women canvassed for funds and raised enough money to go to Lawrence, Kansas last year where they placed fourth in the nationals. But this year, says coach Karl Rice, they haven't the heart for more "bottle drives" and door-to-door solicitation.

Newsman say there is no spectator interest in women's sports—hence, no money.

This Friday evening, the public will have a chance to see the women in action. The swim team, with Cindy Marks competing in the diving event, will be at Leighton Pool.

The Women's gymnastic team will be in B-54, Gerlinger Annex, competing against Oregon State University. Both events start at 7 p.m. The public is welcome and there is no charge for admission.

Theta Chi wins opener

Intramural hoop season underway

Intramural competition in basketball and Oregon-style handball got underway this week.

Men's "A" basketball play began Monday. "B" basketball teams open play next week. And a staggering 120 teams are entered in sixteen "A" leagues and 14 "B" leagues. Among Monday winners was Theta Chi, defending "A" champion.

Competition in women's and co-ed basketball leagues began last night with practice games. League competition starts next week.

Men's intramural handball began Tuesday with 37 teams competing in a single elimination tournament. Theta Chi is also defending champion in handball.

Each team consists of two singles players and a doubles team. Intramural handball is played under Oregon rules.

Oregon-style handball uses a larger, softer, slower ball than regulation handball. The slower ball is necessary because the courts in the Men's P.E. building are smaller than regulation courts.

Oregon-style Handball will also be playing in All-University Championship tournaments beginning next week. Entries for both singles and doubles com-

petition will be accepted through Monday in the Men's Intramural office.

An all-university Handball singles tournament was held last term under the regulation AAU rules played throughout the nation. Winning this first competition on the university's new handball courts was Vern Cammack who defeated Dick Klienkecht in the final match.

The all-university tournaments are a new feature on the university sports scene. They are sponsored by the Men's and Co-ed Recreation Association to provide individual competition in dual sports such as handball and tennis. These sports are contested on a team basis in the regular intramural program.

All-University tennis champions in fall term competition were C. Lance Zacklan in men's singles and the team of Joyce Towne and Howard Bonnett in mixed doubles. Zacklan won the singles finals from Dan Isenberg, 6-4, 6-2. Towne and Bonnett won the doubles final from a team of Madden and McKinley, 6-1, 6-2.

An all-university men's doubles tournament will be held this term. The intramural office will accept entries through Monday.

Men's intramural action for later in the term includes a cross country meet, February 2 and a

weight lifting tournament, February 22, 24 and 29.

In final intramural action last term, Sigma Phi Epsilon ran off with two championships. The Sig Eps defeated the Hummers 26-0 for the touch football championship.

Sigma Phi Epsilon won the wrestling championships with 199 points to 123 for Sigma Alpha Epsilon, 64 for Alpha Tau Omega, 62 for Chi Psi, 53 for DeBusk, 45 for Watson Hall and 44 for Theta Chi. Sigma Phi Epsilon wrestlers won five first-places, all in the "B" division.

Winners for the Sig Eps were Dan Luoma, 130 pounds, Bob Heekin, 145 pounds, Einar Warming, 152 pounds, Gary Anderegg, 167 pounds, and Richard Walton, 191 pounds.

Alpha Tau Omega had two winners, Ed Setes in the Heavyweight "A" division and Mike Bales in the 160 pound "B" division. DeBusk Hall had three winners: Mike Irinaga, 160 pound "A", Drek Heikes, 191 pound "A", and Bruce Wong, 137 pound "B".

Other "A" division champions were Andy Wood of Tingle Hall at 123 pounds, David Phillips, Independent, 145 pounds, Bruce Paul, Watson Hall, 167 pounds, and Bill Byers, Chi Psi, 177 pounds. Winners in the "B"

division were Bob Langley, Acapulco Golds, 177 pounds and Gary Bertrand, Theta Chi, heavyweight.

The 1970-71 All-Sports champions, the Legal Eagles won one fall term championship and came close to winning two others. The Eagles won their second straight bowling championship, but lost in the finals of both the "A" and the "B" volleyball playoffs. Winning the volleyball championships were U.B.L. in the "A" division and Caswell Hall in the "B" division.
