RESERVE YOUR DORM ROOM NOW!

First, consider the freedom you have to meet and make new friends in a dorm. If you're a transfer or freshman this year consider this fact a great deal. The friends you make while living in a dorm will be your friends for the rest of your college life.

Second, consider the convenient location of the dorms. When it's raining about an inch a minute it really helps to have "home" only a block away from your classes.

Third, consider the freedom from the hassle, and I do mean hassle of forever washing dirty dishes (your roommates as well as your own). And, also, there is the convenience of watching color T.V. while doing your laundry.

Fourth, consider the possibility that a few unscrupulous landlords might fail to return cleaning deposits.

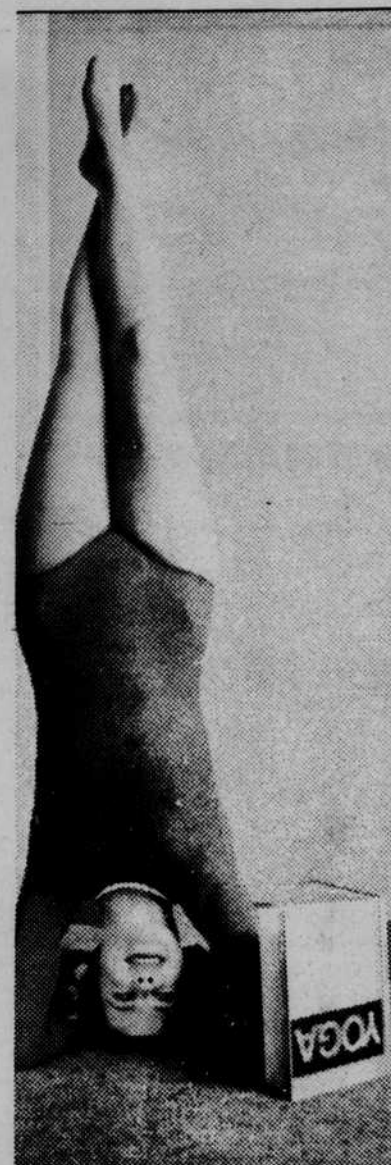

Fifth, you are free to eat your meals any time between 6:45 a.m. and 2 p.m. and from 4:00 p.m. until 6:30 p.m. This freedom gives you an opportunity to enjoy a wider range of campus activities. Students asked for this new food concept through a dormitory questionnaire and we have put it into effect for you. You'll like the freedom to eat when and what you want. Remember the Olympic Trials participants ate at the U of O Dormitories while breaking U.S. Track records!

With all these facts in mind, then consider the price. Room and board in the dorms is comparable, if not less, then you'd pay for an apartment. The dorms are newly carpeted, too.

Think it over carefully, then come on in and talk to one of the friendly dorm representatives at Carson Hall for further information.

You learn something new every day

One of the wonderful things about growing up is trying different things. Like Yoga. And forming your own opinion about all your new learning. Another part of growing up is finding out about sanitary protection. Maybe you're wondering if you're old enough for Tampax tampons. If you're of menstrual age, you're probably old enough. Many girls start right off with Tampax tampons.

They come in three absorbencies: Regular, Super and Junior. There's one to fit your needs. And they're easy to use. Just follow the simple directions inside every package. You'll learn something new and simplify your life.

Our only interest is protecting you.
