OSPIRG to hold elections

The Oregon Student Public Interest Research Group (OSPIRG) will fill two local board positions during this term's ASUO general election. Candidates for the positions must file by 5 p.m. Monday in 308 EMU.

A voter's guide statement of not more than 150 words will be accepted from each candidate.

Kite-flying contest scheduled

For fun or glory, or maybe both, several members of the architecture department are getting together a kite festival, the Second Annual Kite Flying Contest. Sponsors hope all avid kitefliers, string-tiers, fling-tryers and thing-eyers will be out to do it.

On Thursday, April 19, between 1 and 5 p.m., the crowd will be at the Hayward Practice Field to somehow be a part of this festivity.

Prizes will be awarded for the following categories: Highest, Largest, Smallest, Longest Tailed and First (Accidental) Tree-snap. Prizes will also be awarded to the following categories although these kites don't necessarily have to fly: Most Graceful, Most Unusual, Best Construction and Other. Preference, however, will be given to flying models.

Auditions planned for student plays

Today will be the last day for people to audition for 45 roles in 10 different plays directed by students for their class projects.

The auditions are scheduled for 3:30 to 6:30 p.m. in the Picket Playhouse at Villard Hall.

The student directors will be unable to do their class projects if enough actors aren't found. The plays are being performed in the Playhouse May 1 and 2.

Honorary accepting applications

Skull and Dagger, the sophomore honorary, is currently accepting applications for membership, according to Jeff Bodner, member of the honorary.

Bodner said Monday that applications for the honorary can be obtained by calling himself or Skull and Dagger president Barry Menashe at 686-5183. He said members of the honorary will begin reviewing applications next Monday.

Skull and Dagger has sponsored a Salvation Army food drive and has helped with the Druids junior honorary in working for tearing down architectural barriers for handicapped students, around campus, Bodner said.

The honorary will sponsor "any type of service to the University or to the city" next year, he said.

Bodner commented that the current members hope to "tap" the new members before Parents' Weekend this spring. He explained that the honorary's by-laws require that there be a "a limited number who can be in it."

Sophomore students who have a 3.0 grade point average are eligible for membership, Bodner said.
