Vote Mike Bonner for Senior Class Veep

As I embark on this mighty crusade for Senior Class Veep, I am reminded of the words of that great Amerikan, George Washington Plunkett: "Ah seen mah opportunities and Ah took 'em."

Above all else, I pledge New Leadership and an end to hoity-toity political rigamarole. Remember, I will not give you Reprehensible people, surreal issues and ulterior motives.

Nevertheless, I am not bitter about the performance of the Wyatt-Loveys Junta. After all, they only did slightly worse than chimpanzees and they were elected in a way that would have made "Short Pencil Louie" proud. We have a chance to recall them, if we desire. Recalling Wyatt-Loveys will show big-time Republican kingmakers like "Bun" Stadelman that Bill Wyatt is a real dynamo like Craig Berkman.

Campaign Promises:

If elected:

I will go to the Third Floor.

Statement:

Dan Neal and I are running for senior class President and Vice-President because we both feel there is a lot of room for the positions to become more than just an alumni relations service. While both of us have the experience, background, and enthusiasm to do a good job at alumni relations, we believe for example, that the class debt should be paid off and not left to the University. I would like to see the class cabinet become visible and active. We should take on at least one large project for the year in addition to finding ways to make money to pay off the debt. There was a time when the Senior Class left the University a gift, and I'd like to see those days return.

It is about time we put some new people into our class offices. Please give Dan and I a chance to put our class back on its feet.
