## Attache 'in residence' to talk on French women

French Cultural Attache Rolan Husson, from the French Cultural Service in San Francisco, is to be the "Personality in Residence" at University dormitories today through Thursday.

Students interested in learning of French life, culture, travel or education will have opportunities to talk with Husson in the Carson or Hamilton dining areas and at his apartment in Douglass Hall.

As well as living and dining with dormitory students, Husson will be presenting two lectures. The first of these, called "French Woman in 1973," is to be given at 7:30 p.m. tonight in the EMU. The lecture is open to the public.

His talk will concern the roles of French women in their society, the laws which have acknowledged their emancipation, and women's position in the family and the business world as well as in the public. A reception will be held following the lecture in the Gold Room of Carson Hall.

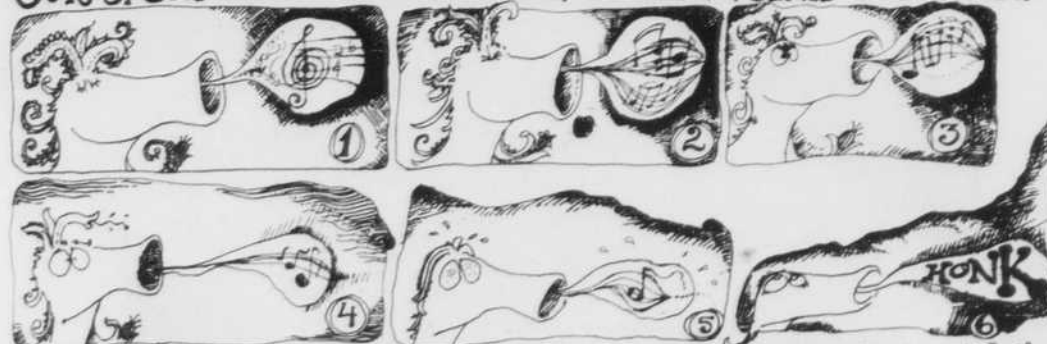

The second lecture, which will be delivered in French, is entitled "French Writers Look at America." Interested students of French and faculty are invited to attend the lecture held at 4 p.m. on Thursday in room 106 Friendly.

He will hold "open house" for students in his apartment Thursday night, from 7:30-9:30 p.m.
