

**It's one-two Subaru in
America's toughest rally.**

SUBARU. The over-achiever.

1st and 2nd in class A of totals "Press on regardless."

A gruelling, punishing course: 2000 miles of twists, turns, bumps, rocks, mud, muck, sand, and fallen trees. That's the Total "Press on Regardless" Rally. It takes its toll of cars and drivers alike. Out of 87 starters, 21 finished. But for Subaru, it was a smashing success.

Two GL Coupes blasted through the deep Northern Michigan forest and Upper Peninsula wilderness to capture both first and second place in the Class A competition.

Some of the other teams had never seen the GL Coupe do its thing in a

road rally before. They were surprised by the results.

We weren't.

But prove it to yourself. Test drive a Subaru today under your toughest driving conditions.

The amazing Subaru is available exclusively at Eugene's Sports car center...R&H Auto Imports just over the Ferry St. Bridge. Drive this car today.

**SUBARU.
The over-
achiever.**
