## ODE corrects error in faculty evaluation story

Thursday's Emerald erred on the subject of the use faculty personnel committees can make of signed student evaluations of faculty teaching performance.

It is true that the faculty-approved amended course evaluation motion does not require that written student comments on course evaluation survey forms be considered by personnel committees. But another paragraph of the motion requires "that provision be made for the receipt and consideration of letters submitted by students as they pertain to the instructional activities of faculty members." The Emerald regrets the error.
