Positions open on committee

L.B. Day, chair of the Land Conservation and Development Commission, has announced that the commission is seeking volunteers to serve on the State Citizen Involvement Advisory Committee (CIAC).

"The CIAC is a hard working committee with the task of reviewing all the Citizen Involvement programs of the state's 227 political jurisdictions," Day said. After completing the reviews, Day said the CIAC would "concentrate on sharing information and educational programs concerning citizen involvement with the jurisdictions throughout the state."

Persons who want to serve on the CIAC or nominate persons to serve should submit their names and a brief biographical statement

to Harold Brauner, Director, Department of Land Conservation and Development, 1175 Court NE, Salem, Ore. 97310.

Names should be submitted no later than March 1.

Discrimination hearing topic

The Oregon Legislative Council Committee will hold a public hearing today concerning the administrative rules on discrimination grievance procedures passed by the Oregon State Board of Higher Education last month.

The board adopted the rules to comply with Oregon House Bill 2131, a law passed by the Legislature last spring which prohibits discrimination in higher education. The council committee reviews implementation of the law during the interim period of the Legislature. Students, legislators, women and members of minority groups have complained that the rules passed by the board do not reflect the legislative intent of HB 2131.

The committee will hear testimony, and the hearing is open to the public. It will begin at 10 a.m. in the EMU, room to be posted.
