

NOW.

Complete Scientific Programmability from Hewlett-Packard for \$30 less than ever before.

The HP-25: Just \$165*

Think of the HP-25 as an electronic slide rule you can program completely. The reason: It solves repetitive problems easily and quickly.

Here's how. Switch to PRGM.

Enter the keystrokes you need to solve your problem once and then flip the PRGM switch to RUN. That's it. The only thing you have to do for each iteration from then on is enter your variables and press the R/S (Run/Stop) key. It's that simple.

The result: Repetitive problems are no longer a repetitive problem.

But that's only part of the HP-25 story. Here's more. You can add to, check or edit your programs at will. You can also write one-second interruptions into your program in

case you want to note intermediate answers.

And because the keycodes of all prefixed functions are merged, the 49-step program memory can actually store up to 147 keystrokes. (How's that for a memory capacity!) What's more, you can store numbers in eight data registers and perform 72 preprogrammed functions and operations (logs, trig, mean deviations, rectangular-polar conversions, summations—you name it). Not to mention RPN logic; fixed decimal, scientific and engineering notation; and much, much more.

In fact, if you wanted to know all the HP-25 can do for you it would take a book. But don't worry, we've already written one—125 pages-worth—just chock full of applications programs and problem solutions. Such as Algebra and Number Theory, Numerical Methods, Statistics—even Games. In detail.

And don't forget the best news. The price. The HP-25 was an exceptional value at \$195. Right now it's an out-and-out bargain at \$165*.

The HP-25. There's never been a calculator with this kind of capability at this kind of a low price before, with HP's name on it. And you know what that means. Design, performance and a back up support system you just can't get anywhere else.

The HP-25 is almost certainly available at your college bookstore. If not, call 800-538-7922. (In Calif. 800-662-9862) toll-free to find out the name of your nearest dealer.

HEWLETT  PACKARD

Dept. 658F, 19310 Pruneridge Avenue, Cupertino, CA 95014.
Sales and service from 172 offices in 65 countries.

*Suggested retail price, excluding applicable state and local taxes—
Continental U.S., Alaska & Hawaii. 616/15
