At several agencies

Birth control aid available

Inexpensive birth control services are available at several different agencies in the Eugene-Springfield area.

For many University students, perhaps the most convenient location to obtain contraceptive services is the Area "D" of the University Health Center, the section of the center dealing primarily with gynecology. Information and counseling concerning various methods of birth control are provided here; diaphragms, IUD's, birth control pills, condoms and contraceptive foam are available. Counseling and outside referral are offered for abortion, sterilization and prenatal care. In addition to birth control services, vaginitis and urinary infections are diagnosed and treated, and pap smears, pregnancy and VD tests are performed. A complete list of charges is available from the Health Center.

Another inexpensive avenue for birth control services is Planned Parenthood, located at 134 E. 13th St. in Eugene. A \$14.50 fee is required for the basic birth control clinic; this covers the initial clinic appointment and all recheck visits for one year. The first clinic includes information and counseling regarding various birth control methods, a physical and pelvic examination, a Pap smear and several other lab tests. Contraceptive choices are similar to those available at the University Health Center. The cost of birth control supplies are additional to the \$14.50. Planned Parenthood

also provides pregnancy counseling and testing, and operates a Speaker's Bureau. Welfare cards are accepted. For more information, telephone 344-9411.

Another agency providing low cost contraceptive services is Lane County Family Planning. Fees for the initial birth control

clinic appointment and recheck visits for one year are determined on a sliding scale basis, with a minimum \$5 charge. Contraceptive information and services are available and vaginal infections treated. University students are not accepted as Family Planning patients, however.

Health, counseling services offered by White Bird

White Bird Sociomedical Aid Station, at 341 E. 12th St., offers Eugene residents a variety of low cost health and counseling services.

A medical clinic for those needing primary medical care operates on Tuesdays, Thursdays and Fridays from 11:30 a.m. to 2:30 p.m., and on Monday evenings from 5 to 8. Appointments are scheduled by phone beginning at 11 for the day clinics and 4 for the evening clinic. Patients are also accepted on a walk-in basis. Generally, a \$5 fee is requested, with costs of any special tests additional. Welfare cards are accepted.

Pregnancy counseling and testing are offered during the day medical clinics. Patients needing VD treatment or birth control are referred to other agencies.

There is a special clinic on Tuesday evenings for work physicals; the cost is \$15, and welfare cards are not accepted at this time.

The White Bird "Bummer Squad," a 24-hour crisis intervention unit, accepts telephone calls or walk-ins from anyone needing counseling for any reason — personal crises, family problems or suicide prevention, for example. Mobile teams are available day and night for those who need someone to come to them.

Other programs at White Bird include a legal aid service and an addiction center which combines on-going counseling with detoxification programs. White Bird personnel also will help persons with problems concerning welfare, food stamps, housing or employment.
