Pokey Pot

ELECTRIC SLOW COOKER

What a Time and Money Saving Idea! It's got a big beautiful removeable 3½ quart crock that makes it an even more efficient "buy." Now you can prepare your meal the evening before, refrigerate, cook the next day and serve at dinner — ALL IN THE SAME CROCK! Leftovers? Keep them in the crock and reheat in the oven — then to the dishwasher for super-easy cleaning. A fantastic addition to the modern kitchen. It cooks slowly all day — unattended, while you do the things you want. It's an energy miser that brings out flavors of even inexpensive meats you never knew were there. Recipe book included.

SUPERCURL™

by Gillette

- Dial the right temperature for your hair
 - Grip the cool tip while you roll your hair
 - Moisturizing steam locks in curls
- Most steam styling wands are alike. They have only one heat. But since all hair is not alike, Gillette invented new Super Curl, with Dial-A-Curl heat control. So, if your hair is easy to curl, hard to curl, or in-between, you're in control.
