NAVY NUCLEAR PROPULSION. THE FASTEST WAY UP IN NUCLEAR ENGINEERING.

If you want to get into nuclear engineering, start by getting into the Nuclear Navy.

The Navy operates more than half the reactors in America. So our nuclear training is the most comprehensive you can get. You start by earning your commission as a Navy Officer. Then we give you a year of advanced nuclear technology, training that would

cost you thousands if you could get it in graduate school. During your career, you'll get practical, hands-on experience with our nuclear powered fleet. Maybe you'll work on a nuclear submarine, maybe a nuclear cruiser. But wherever you work, you'll really get to prove your worth—as a young Nuclear Propulsion Officer entrusted with the most advanced

technical equipment known to man.

If that sounds like the kind of responsibility you're looking for, speak to your Navy recruiter. He can tell you if you qualify as a Nuclear Propulsion Officer Candidate.

Navy Nuclear Propulsion Officer. Some men wait for the future. He lives it now.

**NAVY OFFICER.
IT'S NOT JUST A JOB,
IT'S AN ADVENTURE.**

...et al— Water witchers to gather

The Northwest Dowzers Association will hold a meeting tonight in Milwaukie, Ore., to discuss mutual experiences in the art of "water witching." The association was formed last fall to provide a forum for the improvement of witching for water well sites in Oregon.

The meeting is open to the public, beginning at 7 p.m. at Milwaukie's Far West Federal Savings Bank.

Tuition hike under attack

An organizational meeting to discuss strategies for this term's fight against increased dorm rates, tuition hikes and program cutbacks will be held today at 3:30 p.m. in the EMU.

Plans to circulate petitions, leaflet, demonstrate or appear before legislative committees will be discussed. A similar committee has been formed at Portland State University. Work against the tuition hike will be carried on a statewide basis this year.

Fire group seeks citizens

Lane County citizens concerned about the fire protection capabilities in Lane County have an opportunity to serve on an advisory committee to the County Board of Commissioners.

The board recently approved setting up a citizens advisory committee to recommend ways to improve the existing fire protection system within Lane County.

The committee will be composed of between six and 12 members representing rural unprotected areas, rural protected areas and urban areas. Persons representing those areas are urged to apply for appointment to the committee.

The committee will also be asked to develop measures to meet anticipated serious fire dangers in the summer months and to study the existing fire protection scheme to determine strengths and weaknesses.

Persons interested in serving on the Lane County Fire Protection Advisory Committee are asked to submit an application by Monday. Applications may be obtained by contacting the Community Relations Office, County Public Service Building, 125 East Eighth Ave.

Egg hunt set for Sunday

The American Indian Women's Club of Eugene and Springfield is sponsoring an Easter egg hunt Sunday at Stadden Park, Adams and Jackson Streets, for children of students and American Indian children between the ages of one and 14.

Train steams into Eugene

The "Royal Hudson," a steam-powered locomotive on a goodwill tour from British Columbia, will visit the Eugene-Springfield area today.

The tour marks the 25th anniversary of the coronation of Queen Elizabeth II, according to Larry Schoelerman, public service officer for the City of Eugene.

The train and its exhibits will be open to the public without charge from 10 a.m. to 9 p.m. on a siding near the Southern Pacific depot. The engine of the tour train is a duplicate of the Hudson 2850 engine that carried the English royal family across Canada in 1939.

The Hudsons of the Canadian Pacific Railroad were considered by many to be among the most handsome engines ever built, with their distinctive streamlining and elegant CPR colors.

A bagpipe group, the Seaforth Highlanders, will accompany the train.
