

# Revealing a quick course in travel economics.

NEW YORK TO LA  
ROUND TRIP  
by train... \$305  
by plane... \$415  
by Trailways... \$150!

It is a simple fact. No matter where you want to go over Spring Break, nobody can get you there faster and back for less than Trailways. As a matter of fact, right now, we'll take you anywhere in the U.S.A. for only \$75.00. That's less than the price of a good term paper.

And talk about comfort. Every Trailways is climate controlled and equipped with reclining fabric seats. And unlike Greyhound, we have adjustable headrests and footrests. You'll fall asleep so fast you'll think you're still in class.

But don't believe us. Ask anybody who's ridden both a Trailways and a Greyhound. They'll tell you that it doesn't take a Ph.D to figure out Trailways gives you more.

Call your local Trailways Terminal for complete schedules and information on all our bargain fares. Because when it comes to saving money this Spring, we can all use a break.
