

when the muse strikes

The Fallings

This man is not gone.
He pulses. Though he looks
Dead as lies.

He has merely abandoned
Himself. That first grade
Teacher dealt him to Group D.
He stuck there. No one falls up.

It will happen again.
Taking another three men
Or a pretty stranger
To lift him off himself.

One day he will fall through.
Past any memory or stabbing dream.
With his teacher dancing
On the roof unable to stop.
