

## YWCA seeks volunteers

Volunteers are needed for the University YWCA Exceptional Friendship Program for special children. Volunteers will take a Search class to work with special children and learn about specific disabilities and related topics.

The class is taught by Cindy Sharapp in 44 Geology Thursdays

at 3:30 p.m. or Wednesdays at 7:30 p.m. in the YWCA Lounge in the basement of the Student Health Center.

The class can be taken for up to two credits or as a practicum. For more information, call Sharapp at 686-4439 or 686-4440.

**Come talk Peugeot Diesel.**  
There's never been a better time.

The diesel takes in air. The air is compressed under tremendous pressure. The exact amount of fuel is added and ignited by the heat of the air's compression. More complete combustion of fuel which results in cleaner exhaust and better mileage.

**56 years of experience.** Some automakers are now introducing the "engine of the future." But to Peugeot, the diesel is nothing new. In fact, Peugeot produced the first production light diesel back in 1922 and we've been improving upon them ever since.

So come in and talk to us. We have fifty-six years to fill you in on.

**Less maintenance.** We'll show you how a Peugeot Diesel requires less maintenance, since there are less parts to adjust.

**Better mileage.** We'll show you how a Peugeot Diesel gives you the best mileage of any compact. 34 mpg highway, 28 mpg city, 30 mpg combined.\*

**Built for the long haul.** We'll show you how a Peugeot Diesel is engineered to last. With a heavier crankshaft, pistons and connecting rods, larger bearing surfaces, even a ribbed crankcase for added strength. And every 1978 Peugeot comes with a one year unlimited mileage warranty.\*\*

**There's never been a better time.** If you want to talk diesel, come talk to us. There's never been a better time.
