

Edible containers shown

The Northside Gallery presents as its opening show, "Edible Containers," designed by the Art 407G container workshop, today from 3:30 to 5:30 p.m. in 123 AAQ.

The gallery is located across Franklin Boulevard in the weaving studio. It is the first metal building parallel to the bike path, across from the sculpture/ceramics/painting complex.

All containers will be for sale (to eat) with donations going to the gallery. There will be a potluck during the show.

Award applications due

Applications for the Ruth Lorraine Close awards in music are due at the University music school no later than Wednesday.

The competition is an annual event for full-time students of musical performance, composition, music history or music education.

Applicants who pass a preliminary faculty screening will be expected to participate personally in the auditions at the music school March 3-4.

Student directories ready

The student-faculty staff directory will be available today at the EMU main lobby or main desk.

To reserve copies, departments of the University should call Hal Smith or Patt Olson at the EMU Administrative Office, 686-3705. Each department will be responsible for sending someone to pick up reserved copies at M101 EMU within one week after reservation is placed with the EMU.

The directories are free of charge.

Architect to speak

John Amundson, partner in Amundson Associates, Springfield, will deliver a guest lecture on "Licensing Procedures for Diversities of Architectural Practices" Wednesday.

The lecture, sponsored by the University Department of Architecture, will begin at 7:30 p.m. in Room 177, Lawrence Hall. Admission is free. The public is invited to attend.

Health award aids study

The U.S. Public Health Service has awarded \$83,000 to the University for a study involving molecular structures.

The study, directed by Frederick Dahlquist, associate professor of chemistry and research associate in the University's Institute of Molecular Biology, will investigate the relation of protein molecule components. The study complements other work being done by researchers at the Institute.

HEY service assists youths in job search

Help Employ Youth (HEY) is a job referral service provided by Amazon and Westmoreland youth programs for teenagers and the community as sponsored by Eugene Parks and Recreation Department.

Reliable youth are available to fill needed positions in your business or home. Young people looking for full-time, part-time or occasional jobs should come to Amazon Community Center, 2700 Hilyard St., or Westmoreland Community Center, 1545 W. 22nd Ave. to fill out an application.

Trak
The other side of the Trak.

Trak's patented Fishscale Nowax base. The fishscales dig into the snow for firm grip yet permit easy forward glide. Without wax.

And now the Fishscales are deeper under your feet, where you kick - shallower toward tip and tail, where you glide.

It works - so you won't have to.
