There are lots of ways to see the world. We'll give you a way to understand it.

You'll understand the world and yourself a whole lot better after a year or two of experience as a Peace Corps or VISTA volunteer. Whether you're a specialist whose wish is to sharpen your professional skills in education, math, the physical and life sciences, health, business, (or a dozen other areas), or a liberal arts grad eager to share your talents while acquiring new skills and insights, the Peace Corps and VISTA will open an entire new world to you.

You'll not only experience a new culture and learn a new language, you'll also share in the development of an emerging nation, or help the poor and powerless in America to gain more control over their lives.
