

Music is a Way of Life.

When Elton's pretty protégé Kiki Dee sang "I Got the Music in Me" in 1975, you knew just how she felt. Music is an important part of your life, too. You wake up to music, study to it, relax to it, dance to it, party to it. Some of you even make your own music, while others philosophize about what it all means.

Music Comes Alive: The Seventies' Sounds celebrates the excitement of music today—and provides an entertaining guide to the variety of popular sounds.

"Different Notes, Different Folks" takes a look at five best-selling musical trends: jazz, country, disco, electronic studio creations and songs with a personal message. The background of each trend is presented, along with capsule descriptions of several guiding stars and a list of recommended albums. "A Hit Is Born" takes you behind the scenes of the billion-dollar record industry. An easy question-answer format gives you the business lowdown, from recording studio costs to Top 40 chart-making. "The

Big Events" recaps landmark musical happenings of the Seventies. From The Who at the Met to Fleetwood Mac at the Grammys, rock's movers and shakers are presented along with their hefty achievements. And a tongue-in-cheek article outlines how you can win acclaim for your discerning taste and influence fellow music lovers by discovering musical stars-to-be before they hit it big.
