"Heart of Glass" and "La Soufriere" Cinema 7. In Herzog's "Glass," a small German town, in the pre-industrial past, loses the secret of making its unique ruby glass. The townspeople turn to madness, murder and magic in a desperate effort to recover the pure ingredient they have lost. Oregon premiere. "Soufriere" is a Herzog documentary. In 1976 scientists predicted an imminent volcano eruption that would destroy Guadeloupe. The island was evacuated, but one man remained. Herzog and crew arrived to record the last days (which, much to expert chagrin, never happened).
