Union session tomorrow

"Research in the Local Union" will be the focus of all-day workshop sessions to be offered at the University Saturday and again Saturday, June 3, by the State Labor, Education and Research Center (LERC).

Instructor for both sessions will be Paul Goldman, a University sociology professor who has served as a research consultant for several labor union locals.

Saturday's workshop will center on how union officials can most effectively determine the attitudes and priorities of union members prior to management-labor negotiations, and the June 3 session — intended for persons who attended the May 3 session or a session held Feb. 25 in Eugene — will offer participants practical experience in developing research questionnaires.

The workshops, to begin at 8:30 a.m. and continue until about 5 p.m., will be held at the EMU, room to be posted.

For more information about the workshops contact LERC at Room 154 PLC or 686-5154.
