Health Center: get shots here

By TOM WOLFE
Of the Emerald

Among charges you're paying this week for tuition, books, I.D. cards and other necessities is a \$22 health fee you probably didn't even notice.

The payment, levied with tuition for full-time students, provides out-patient and clinical services. In addition are student-tailored services: Family planning, psychiatric counseling, clinical gynecology and allergy immunization.

"Basically, we do everything a general practitioner's clinic would do except surgery requiring general anesthesia or obstetrics," says Dr. Avarad Long, center director.

Hours this summer are 8 a.m. to 4:30 p.m. Monday through Friday. The infirmary is closed during the summer and no after-hour emergency service is available.

Part-time students pay no health fee and receive no free services.

Students are charged for lab work, medicine, X-rays, allergy shots, special services such as physical therapy and miscellaneous charges for splints, bandages or other materials. They are never charged for time spent with doctors.

A few years ago the center started a women's clinic, offering pelvic exams, pap smears, birth control methods such as IUD insertions and abortion counseling from grad students or psychiatrists at little or no charge to students. "They're things we should have been doing all along," says Long.

The physician is quick to point out that health center service is only a partial health plan and, he says, should be supplemented with a health insurance plan covering major problems.

The ASUO offers a comprehensive accident, sickness plan for students and dependents. Cost per student is \$31.30 for summer term. An additional \$37.53 will cover one dependent and \$64.35 will cover two or more dependents.

The insurance covers hospital stays of up to 30 days, surgical expenses up to \$1,000 and limited ambulance service. Excluded are dental and eye care, childbirth and prescription drugs.

A second plan for students only offers insurance in case of accidental death or dismemberment. At \$12 a year, the plan pays \$10,000 for accidental death or double dismemberment and \$5,000 for single dismemberment (eye, arm or leg.)

Either insurance plan may be purchased while registration is in progress at the EMU ballroom or later in the Business Office, 130 Oregon Hall. The plan is available at the same time from Metzker & Associates at 870 East 13th Ave., 342-4868.
